Supt. of Water and Light Plant submitted letter from

Allis-Chalmers Mfg Co in reference to Generators Purchased for the new Water & Light Station stating that Generators were completed and that they were awaiting receipt of Shafts from Skinner Engine Company in order that they might make delivery of same. This matter after discussion and advice from City Attorney was referred to Supt Salley for reply.

Verbal application from Mr. J.M. Green for water service on Lyndale Street where he was erecting several tenant houses was discussed. It was decided that the City not being in position at this time to extend the water service from the lack of funds, that this matter be referred to Supt. Salley to investigate and suggest a way water can be supplied as requested, further that if Mr. Green at his own expense and under the supervision of Supt. Salley would install a larger water pipe than the one now in use on that Street that he be given without cost the present one inch pipe now in use.

Councilman Watson was authorized to purchase or arrange for a mule to take place of one now disabled, upon motion of Councilman Von Ohsen by following vote,

Yea the Mayor Councilman Von Ohsen and Watson.

No further business these minutes were approved and Council adjourned.

IN MEMORIAM.

JOHN B. ETHEREDGE was born in Edgefield County, this State, on April 27, 1867, and died suddenly in this City on Wednesday Jan. 24, 1917.

More than twenty years ago, when he was a young man, he moved to this City and cast his lot with our Citizens. He soon became connected officially with the City Government, having been chosen by the City Council then in office as Superintendant of the Street Department. Through several administrations he held this position continuously until the time of his death. This was a high tribute to his faithfulness and efficiency as an officer, and the high esteem in which he was held by the several City Councils under whom he served. He was well and favorably known by all of our Citizens and the surrounding community. His generous nature and willingness to aid others made him many friends.

His death was very sudden and a distinct shock to the community. The City Council of Orangeburg being desirous of recording ~~their~~ their esteem of Mr Ethredge, in City Council assembled, Resolve:-

FIRST: That in his death the community has lost a worthy citizen and the City of Orangeburg a faithful official and one on whom they could rely.

SECOND: That this Council deeply sympathise with the bereaved family in their bereavement, and tender its condolence and kindest wishes.

THIRD: That these resolutions be recorded in the proceedings of Council and that a page in our minute book be inscribed to his memory.

The Mayor instructed City Clerk to read letter received from Mr. James B. Murphy atty, in reference to settlement between the City and the Southern Improvement Company, for the laying of brick for new plant of the Water and Light Department. In reply to the request of Mr. Murphy for information as to this settlement the City Clerk was instructed to furnish Mr. Murphy a copy of statement of account of the Southern Improvement Company which was made up by Engineer Hawes, Jan. 26, 1917 and mailed to The Southern Improvement Company, C/O E. F. Summersett, President, Jan. 28, 1917.

Superintendent Salley submitted ~~xxxx~~ a report on increased cost of operating Water and Light Plant owing to the great advance in price of coal, practically 100 %, and also included estimate of amount necessary to ~~complete~~ get New plant now in course of erection in partial operation as well as amount estimated to complete plant, and suggested the possibility of necessary raise in price of Current to meet extraordinary conditions. (See Report attached to these minutes)

Councilman Watson offered following resolution, which was seconded by Councilman Von Ohlen and passed by following Vote Yea The Mayor, Councilman Watson and Von Ohlen.

WHEREAS, The expense of operation of Water and Light Plant on account of increased cost of Coal is running approximately \$1.000 per month over and above receipts,

THEREFORE BE IT RESOLVED. That for the present there be no increase in the present rates charged, hoping that at a near date the New Plant will be in operation, which will materially reduce operating expenses.

Councilman Watson moved to amend agreement made with Mr. James M. Green at meeting of Council Feby 16, 1917, by striking out "nine houses" and inserting in place "eight houses" Passed by following vote,

Yea The Mayor, Councilman Watson and Von Ohlen.

a total \$21,375.00

The \$1175.00 necessary for partial operation, means that the two new engine generator units could be put into service by moving one of the switchboards from the old plant and connecting up with the existing lines of the electric system. This arrangement would remove the necessity of operating any of the old plant except the pumps for fire protection. This would require us to keep steam, with banked fires, and one man on duty at the old plant until the new reservoirs have been completed and the pumps moved.

The electric service would not be materially improved over the present until the complete switchboard with regulators was installed and connected to the system, but the saving in cost of operation would be considerable.

I hope that you will be able to arrange to finance the plant through the coming tight time without recourse to an increase in rate, although I believe it justifiable to raise the rates under the condition existing, it would be opposite to the past policy of the plant, and very much against the wishes of a majority of the people of orangeburg.

Respectfully submitted

Superintendent

Orangeburg, S. C.
Mar. 13. 1917

To The Mayor & Councilmen,
Of the City of Orangeburg,
Orangeburg, S. C.

Gentlemen:-

In taking up the discussion of the necessary steps to be taken to offset the 100% increase in cost of coal per ton used in operating the plant, I wish to ask your particular attention to the following facts.

We have the lowest rate for electric current in South Carolina, and our rate for water is but slightly above the average, while the well water that we furnish is far superior in quality to that from rivers, creeks, and ponds furnished by a number of the cities and towns in this state. We have always been very proud of this fact and heretofore have been able to maintain the plant and in addition furnish to the city without a special appropriation for it the lighting of the streets of the city and the public and semipublic buildings of the city as well as water for fire protection, the washing and sprinkling of the streets the public watering troughs, and the flush tanks of the sewerage system. These items would total, at the lowest rates paid by cities of this size not owning their water and light plants, not less than ten thousand dollars a year.

Reference to the past records will show that the receipts of the plant for April, May, June and July of each year rarely exceed the disbursements in any considerable amount but that the earnings of the fall and winter months have been sufficient, heretofore, make up this deficiency. This year, the earnings of the plant since October 1916, while not as much net as in former years on account of the high cost of coal, have been spent in a large measure for extension work in connection with the new plant, so that now we have no reserve to fall back on.

The next three months - April, May, and June - the operating expense disbursements will very probably exceed the income of the plant by \$3000.00. From July to October the new plant will be in partial operation and the operating expense will probably be \$1500.00 less than the receipts. To put in in other words, the six months from April 1st. to October 1st. will cost us \$1500. 00 more in operating expense than the receipts for water and electric current for the same period at the present rates.

During the four years prior to Oct. 1. 1916 the average cost of coal delivered at the plant was \$3.68 per ton. For the past three months coal delivered at the plant has cost \$5.39 average, per ton. We have a contract with the Stonaga Coke and Coal Co. @ 2.75 per Ton FOB Mines which with Freight of 2.25 and hauling of 30¢ makes the cost delivered, \$5.30 per ton; but we are unable to get shipments on this contract for 1/3 of our needs and have to purchase it wherever we can locate it at prices ranging upwards of \$6.00 per ton.

The City clerk, Mr. T.O.S. Dibble has for you a financial statement of the plant up to date together with the approximate amount of the outstanding bills, both payable and receivable, and so I will give you only the estimate of money required to get the plant in operation and to complete it.

Regular meeting April 13, 1917 continued.

Messrs F.A. Adden, W.A. Livingston, C.W. Hartness Presto T. Hilderbrand and E.B. Jenkins, Wholesale merchants were present at meeting and through their spokesman Mr. W.A. Livingston submitted to Council the fact that License as now charged for wholesale business is out of ~~proportion~~ proportion as compared with other licenses and requested a reduction of same. Council listened attentively to Mr. Livingston and at the conclusion requested these gentlemen to submit their proposition in writing and same would receive consideration at a future meeting of Council.

Communication from Mr. T.M. Hall declining position of Street Overseer to which he had been elected at meeting March 9, 1917.

Accepted. Yea The Mayor Councilman Von Ohsen.

Supt. Salley reported that Mr. M.O. Dantzler had applied for Electric service to his residence on extension of North Railroad Avenue, out of City limits. Council not being in funds at this time for extension service, Supt. Salley was instructed to so advise Mr. Dantzler.

Supt. Salley stated to Council that there was a considerable amount of piping on hand to be used in the extension of mains from New Plant, but that same was not absolutely needed at this time as the completion of extension could be postponed for several months, and as there was considerable profit in this pipe on account of advance in prices, that a sale could be made to the advantage of City. This matter was post-poned.

Supt. Salley suggested that owing to the disturbed condition at this time that in his opinion it will be best for the City to employ a watchman with Police Authority to protect the new Water and Light Plant now in course of construction. This was referred to Councilman Von Ohsen and Supt. Salley.

Chief Doyle of the Fire Department stated that application had been made by Claflin and State College for a fire alarm box on their grounds. He was instructed to have these applicants make their wishes known in written form stating whether they were willing to cover expense of same.

Chief Doyle advised arrival of new racing wagon and asked authority of Council to use horse of Phoenix Reel Co. for practice and races at Spartanburg in May. Permission was granted on condition that this was agreeable to Phoenix Company by action at meeting of company, and horse was furnished for service while their horse was being used.

In reference to phone at station Young Americas Councilman Von Ohsen and Chief Doyle were instructed to investigate and report.

Engineer Hawes reported Scale on Rowe Street in bad condition
Repairs to same authorized

Following Communication from Board of Health were read.

To the City Council:-

Gentlemen:-

At a meeting of Board of health held on Friday Oct. 19, 1917 I was instructed to request City Council that steps be taken to require the owner of property No. 18 West Russel Street to equip this building which is used for mercantile, office and rooming purposes, with necessary sewer connections and plumbing on each floor of building.

The Board deems this necessary for sanitary purposes and for the protection and preservation of the health of the city as present equipment is absolutely inadequate.

By Order Board of Health.

T.O.S. Dibble

Secretary.

To the City Council.

Gentlemen:-

I am instructed by the Board of Health to request your honorable body to enforce the ordinance pertaining to requirement or amendment to Garbage Ordinance passed by Council Nov. 11, 1910 relative to placing trash boxes in front of premises.

The Garbage wagons find it very difficult to handle trash and other litter when thrown in the gutters or on the streets and considerable time is lost in collecting it up.

By Order of Board of Health

T.O.S. Dibble

Secretary.

After discussion on above communications following action was taken by Council.

City Clerk was instructed to communicate with owner of property No. 18 West Russel Street, Mrs. Galtwell, advising her that complaint had been made by Board of Health and that she would have to abate nuisance complained of or report before meeting of Council.

The matter of removal of trash was postponed until Council could communicate further with Board of Health. The Mayor suggesting that a joint meeting of Board of Health and City Council be held to adjust this matter and others pertaining to the Health of the City.

Following resolution was passed.

Meeting October 26 1917 continued.

Resolved that City Clerk and Treasurer be authorized to pay tax^{city}es of the Young America Fire Engine Company amounting to \$9.00 and taxes Ind. Elliott H & L Co \$4.50 charging same to said companies as extra Appropriation.

Mayor

Councilmen City of Orangeburg.

By Councilman Watson.

Resolved that City Clerk and Treasurer be instructed to issue no licenses for attractions during "Fair Week" and that Orbg County Fair Association be hereby authorized to handle same during that period as a contribution from the City to said association, with the understanding that Fair association bear the expenses of 4 extra policemen during that time.

Passed. Yea the Mayor Councilman Watson and Bruner.

In the matter of request of Dixie Club received at meeting Oct. 19th and referred to City Attorney for his opinion Mr Bowman City Attorney advised that Council could not legally comply with their request. City Clerk was instructed to so advise Dixie Club.

City Clerk upon motion of Councilman Watson was instructed to advertise for 1000 cords of wood to be delivered in City. This action by Council was deemed absolutely necessary owing to the scarcity of coal and the consequent possibility of having to shut down the Water and Light Plant for lack of fuel. The motion was passed unanimously and Councilman Watson authorized to contract for same in his discretion.

It was moved and carried unanimously by Councilman Watson that Mr John M. Sifley be authorized to install three modern electric Street lamps in front of his place of business on East Russel Street under the supervision of Sup. Fizer of the Water and Light Plant, Mr. Sifley agreeing to bear all expenses of material and labor and pay for current used by said lights.

Vote Yea the Mayor Councilman Watson and Bruner.

Councilman Watson moved that the Fire Companies composing the Orangeburg Fire Department be invited to confer with Council at regular meeting Nov. 23rd each company to be represented by two representatives elected by said company.

Passed Yea The Mayor, Councilman Watson and Bruner.

There being no further business Council adjourned after confirming these minutes by following vote

Ye The Mayor, Councilmen Watson and Bruner.

City Clerk

It was the sense of the representatives present that each company be permitted to submit to Council a nomination for chief and assistant Chief of the Fire Department and that from the names suggested that City Council elect a Chief and Assistant Chief.

That the Chief be paid a salary of \$20.00 per month and that Assistant Chief be paid a salary of \$5.00 per month.

It was moved and ordered that a commission, consisting of Councilman in charge of Fire Department, Chief and Assistant ~~Chief~~ Chief of Fire Department be appointed to take charge of Department revising rules governing same to meet present conditions, with the understanding that said rules be submitted to the companies for their consideration and approval, notice to be given Council within thirty days after receipt of same.

Following ^{amendment} Ordinance was read by title and passed first reading by following vote:-

Yea The Mayor, Councilman Bruner, Watson.

AN ORDINANCE TO AMEND CHAPTER LL OF THE REVISED ORDINANCES OF THE CITY OF ORANGEBURG, SO THAT THE SECTIONS OF SAID ORDINANCE SHALL READ AS FOLLOWS:-

In compliance with request of City Council at meeting October 26th representatives of The Young America Fire Engine Co, Elliott H & L Co and Phoenix Reel Co were present for the purpose of discussing with Council matters pertaining to the welfare of the Fire Department. There were no representatives from the East End Reel Company.

Following Firemen were present as representatives:-

Young America Fire Engine Co

Messrs F.P. Schiffley, Henry R. Sims.

Elliott Hook & Ladder Co.

Messrs Dr. T.C. Doyle, R.T. Hall

Phoenix Reel Co.

Messrs A.E. Bythewood, W.W. Williams.

His Honor the Mayor addressed above accredited representatives of the Fire Department, stating that changes had been suggested in the management and conduct of the Department and that Council did not wish to make any changes that would not meet with the approval of the Firemen and for this reason they were invited to attend this meeting. He commended the Firemen of our City for their faithful discharge of duty and said that he was satisfied that Council was always ready to aid them as far as means would allow in increasing the efficiency of the service.

He read to them the Ordinance relative to organization of the Fire Department, and stated that it had been suggested that instead of having three assistant chiefs that the number be reduced to one, and requested that the representatives present make known their desires along this line and asked for expression of opinion upon any matters pertaining to the betterment of the fire service in our community.

Dr. Doyle stated that he thought it would benefit the Department to make reduction in number of Assistant Chiefs as suggested by the Mayor to which all representatives agreed and upon a vote being taken Council was requested to make this change.

Meeting November 9, 1917 continued.

This communication was referred to City Attorney and ~~xx~~ City Engineer with instructions to have prepared an ordinance along the line of request of Telegraph Company for consideration of Council.

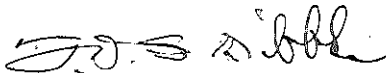

Mr. R. F. Walker, Supt. Southern Bell Telephone Company Supt. appeared before Council relative to removal of wires of the Fire Alarm System on poles of said company, which they were about to move owing to change in System, especially on Russel Street.

This matter was referred to Councilman Watson, City Atty Bowman, Supt. Water and Light Plant Fizer and City Engineer Hawes with instructions to investigate and report at future meeting of Council.

Mr. Henderson from Western Union Tel. Company was also present in the interest of his companies wires on West Russel street. Council decided to postpone action until Committee above appointed had reported.

City Clerk was instructed to communicate with Nye Oderless Crematory Company advising them that Incinerator recently installed by said company was defective and had proved unsatisfactory and requesting them to send a representative to this City at their earliest convenience.

No Further business these minutes were confirmed and Council adjourned.

COUNCIL CHAMBER

Orangeburg, S. C.,

Resolved by the City Council of Orangeburg that from December 1, 1917 that the salary of City Clerk and Treasurer shall be \$125.00 per month, and the salary of City Engineer shall be \$175.00 per month.

The City Clerk and Treasurer is authorized to draw on funds of Water and Light Plant the sum of \$50.00 per month for payment of salary of book-keeper of Water and Light Department.

Mayor City of Orangeburg

Councilmen of City of Orangeburg.

Municipal Proclamation.

By virtue of power in me vested by Section 90 of the revised Ordinances of the City of Orangeburg, S. C., (Chap.8), I do hereby suspend so much of said Section 90, as forbids "the firing or discharging of firecrackers, sky rockets, roman candles and other fireworks in the City of Orangeburg" for the period between 12.05 A.M. Tuesday, December 25th, 1917, and midnight, Tuesday, January 1st, 1918, Sunday excepted, and subject to following restrictions and limitations, to wit:-

1. That on Russell Street, from Doyle to Windsor, the firing or discharging of fire works will only be permitted on above mentioned days between the hours of 7 P.M. and 6 A.M., except that on Christmas Day the restrictions above stated shall be removed.

2. That there shall be no firing or discharging of fire works permitted within the territory included in the limits designated, as follows: beginning at South Church Street, thence along the South side of East Russell Street to Doyle Street, thence South to Calhoun Street, thence west to Middleton Street.

3. That on Tuesday, January 1st, 1918, the firing and discharging of fireworks is restricted to the hours of 6 o'clock P.M. and Midnight.

4. Exploding of dynamite cartridges or bombs of any other design, the explosive power of which is dynamite, is hereby forbidden in any part of the City under severe penalties.

5. All citizens are most earnestly cautioned and warned against the careless shooting of roman candles and sky rockets.

6. All persons are hereby notified to see that their premises are kept clean and clear of all inflammable matter.

7. It is extremely important that every one exercise the greatest degree of care that fires may not occur from the use of fireworks. In the enjoyment of the holiday festivities the danger of fire should constantly be kept in mind.

8. The Police of the City are charged with the strict enforcement of this proclamation and all ordinance governing the use of fire works and firearms within the City of Orangeburg.

Done at City of Orangeburg this 15th day of December, 1917.

By the Mayor

Robert Lide, Mayor.

Approximately \$35,000

Orangeburg Water and Light Plant,

ORANGEBURG, S. C. Dec. 7, 1917.

To the Mayor and City Council,
Orangeburg, S. C.

Gentlemen:-

In accordance with your request, I am submitting an approximate estimate, (herewith attached), of the cost to complete the new plant.

These figures are only approximate in as much as it has been necessary to compile them very hurriedly. Whereever possible, present day prices have been used as a basis for estimate.

The total of \$35,000.00 can undoubtedly be bettered by cutting out certain items which are not absolutely essential and by eliminating partially the cost of the masonry by building less substantial retaining walls, reservoir walls, etc. than planned at present.

Respectfully submitted,

J. Ross Fizer
Superintendent.

The Public Relations and Publicity Committee of the S.C. Water and Pollution Control Association has planned a workshop to address the roll that water and wastewater treatment plants play in the community. The workshop is planned to assist plant operators and managers in more effectively describing their plant in layman's terms and in interfacing with their community about their treatment facility.

The committee is pleased to have arranged for Joe Haworth to lead this workshop. Mr. Haworth is a registered professional engineer and has authored 6 (six) professional papers and given over 500 (five hundred) presentations. His professional efforts have been dedicated to improving communications between the people involved in the water pollution control and the public they serve. Joe currently serves as the Information Officer for the Sanitary District of Los Angeles County. He will be joined by four S.C. Association members in presenting a full day program on how to obtain better understanding by the public of your plant and the important roll it plays in the protection of health and the esthetic environment in the community. The main topic will be "How to Effectively Give a Plant Tour".
