Mr. John F. Pearson, Superintendent of Water and Light Plant stated that he could build approximately 40 miles of electric lines in and around the City of Orangeburg not to exceed a cost of \$35,000 and stated that this could possibly be financed locally much better than through the Government. Councilman Brailsford stated that he had informally discussed such a loan with Mr. W.L. Glover of the First National Bank. The City Clerk and Treasurer said that Mr. Glover had advised him that the proposed loan had been submitted to his board and approved, with the understanding that if the other local bank did not care for part of the loan, the First National would take all of it.

After discussion of same, Council authorized Mr. Pearson to proceed with this work immediately, by the following vote,
Yea, the Mayor, Councilmen Brailsford and McNamara.
