ORANGEBURG, S. C.

In not voting as Mayor Walker and Councilman Wannamaker did in the election of Mr. Stacy Fairey as City Collector I would like to make this statement:
TAX

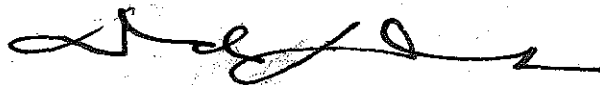

The City Tax Collector gets a monthly salary and in addition a fee for the collection of past-due taxes. This fee is added to the tax at the time of collection. Also the City Clerk gets a part of these past-due fees besides his regular salary.

I am against this fee system. If we are going to have a tax-collector he should be paid a monthly salary with no fees going to him or to the City Clerk, but all fees should be paid into the City Treasury. However I think the tax-collectors office a needless one due to the fact that most of our property taxes are collected when due. The compound tax could be collected the same way if due notice is given. Even if we did have to have a tax collector I believe we would save money over a period of time if we used one of our special officers for this job.

~~For the job I suggested to Council that we assign Sgt. George Dukes and that he be given a leave of absence from his regular duties on the Police Department.~~

The collection of taxes would last only a few months and after that period is over it would be very foolish to have this added expense of a year-round salaried collector.

This statement is made for what I feel is the best interests of the taxpayers of the City of Orangeburg.

L. D. Harding

Orangeburg, S. C.,
March 13th, 1942.

To the Hon. A. C. Walker, Mayor, and

Councilmen H. H. Wannamaker and David Doar:

In connection with proposed agreements between the City of Orangeburg and the Hawthorne School of Aeronautics, the City Attorney feels that it is his duty to make the following observations:

Under the agreement dated July 24th, 1941, the City of Orangeburg, assisted by the County, has spent a little more than \$63,000.00.

Some \$8,000.00 of this amount has been recovered by the sale of assets on lands purchased, so that the cash investment amounts to \$55,000.00, not including work performed by the County of Orangeburg or the City for which no charges have been made.

The Hawthorne School of Aeronautics has an investment, at this time, as we are advised, of \$215,000.00. Thus, it appears that the City has approximately a one-fifth investment in the property that is now being used by the Hawthorne School.

Under the agreement of July 24, 1941, the City attempted to secure some protection for its investment by including a provision that if the site was not used for the training of pilots for a period of sixty days, the City could, at its option, cancel the lease of the said land.

In addition, under the same agreement, which gave the Hawthorne School of Aeronautics the right to remove its improvements at the termination of the agreement, the City was given the right of purchasing such improvements, in whole or in part, at a price not to exceed the amount which the Hawthorne School of Aeronautics may be able to realize by removing the said improvements.

These are valuable rights now in the possession of the City of Orangeburg and represent, to a large degree, the sole justification for the City's expenditures in connection with the location of the said school.

It should be pointed out that on September 26, 1941, the City, in order to facilitate a loan of \$190,000 to the Hawthorne School of

Aeronautics by the R.F.C., agreed that in the event of a default by the said school, any purchaser should have a period of six months to commence operations required by lease. In addition, the City agreed that the School should have a fee simple title to a certain thirty-acre tract of land upon which buildings and improvements were to be located.

The City was recently advised by the Hawthorne School of Aeronautics that it contemplates transferring its interests in the said site, both in regard to the thirty acres and the five hundred and one acres leased, to the Defense Plant Corporation, to which the City consented. The City of Orangeburg is now asked to waive practically its entire rights in and to the said land.

After consultation with officials of the Hawthorne School, the Mayor and the City Attorney conferred with J. Wendell Coombs, of the Defense Plant Corporation, in Washington, D. C. By letter, dated March 9, 1942, Mr. Coombs writes the Mayor as to the requirements of the Defense Plant Corporation and this record should contain the statement that his letter does not conform to agreements reached with him in Washington. Moreover, in the opinion of the City Attorney, the letter is absolutely worthless as to any promise made, or implied, to the City of Orangeburg.

It can readily be appreciated that the Defense Plant Corporation would require, perhaps, an unrestricted fee simple title to the thirty acres of land covered by the agreement but it was distinctly agreed by Mr. Coombs, in the presence of the Mayor, that the City of Orangeburg would be given the first option to purchase the said lands and its buildings if and when the Defense Plant Corporation decided to sell the same.

The agreement submitted to the City Council in regard to the five hundred and one and four-tenths acres of land covers a period of ten years at a rental of One Dollar per year and gives to the Hawthorne School, or to any purchaser from it, absolute and unconditional control of the said five hundred and one and four-tenths acres.

No provision whatever is made for the cancellation of this

lease if it is not used as a flying school for a period of twelve months, and, in fact, under the present agreement, the Hawthorne School of Aeronautics, or anyone claiming under its lease, could use the land for any purpose it sees fit or not use it at all, and the City would be entirely helpless in the matter.

In this connection, for the record, it should be stated that Mr. Coombs, in the presence of the Mayor, Mr. Howard, and Mr. Greenough agreed that the lease should be in connection with an air school, training school or airport, operated by the Government, a governmental agency, or some instrumentality in connection with the Government or for the Government. Moreover, he agreed that it should be cancelled if not used as a flying school for a period of twelve consecutive months.

The supposed agreement as to the Jennings Municipal Airport places the City upon very delicate grounds for the simple reason that the City constructed the said airport under the regulations of the C.A.A. and an ordinance now on the books of the City covers its operations and places definite responsibilities upon the City. In accordance with this ordinance, the City has leased the said Jennings Municipal Airport for operation as a public airport, the said lessee at this time being J. E. Horne.

In connection with the Jennings Airport, it was thoroughly understood by Mr. Coombs, at our conference, that the City would have the right to cancel the said lease upon four months' notice if use of the said airport interfered with the City's opportunity to acquire a more modern airport through the program of the Civil Aeronautics Authority. In his letter of March 9th, Mr. Coombs refers to "civil pilot training operations," which, so far as the undersigned knows, was not discussed at any time.

It should be born_e in mind, in connection with the proposed agreement, that the City has no direct contractual relation with the Defense Plant Corporation and receives no consideration whatever for executing the proposed agreements, dated March 13, 1942. The presumption is that these agreements will lead to expansion of

operations by the Hawthorne School and this is presumably correct, but there is nothing in any agreement to require either expansion or operation, or nothing to protect the City in the event that the training program is abandoned in the next year or so.

Under the agreements proposed, the City transfers all its rights to the Hawthorne School of Aeronautics for a period of ten years for a rental of One Dollar per year. After ten years, the City can only expect to receive the 501.4 acres of land for which it has paid approximately \$20,000. By reason of the fact that it will not be suitable for agricultural purposes at that time, the land will be of much less value. It should be noted in this connection that an allowance of some \$7,000.00 has been made for approximately 260 acres of land east of the railroad, which was purchased from the Felder Estate.

The attention of the City Council is further directed to the fact that upon the signing of the present agreements with the Hawthorne School of Aeronautics, the City of Orangeburg will divest itself of its rights, regardless of whether the interests of the said School are subsequently transferred to the Defense Plant Corporation, or to some one else.

This statement is made as a legal fact without any intention of casting any aspersion upon the good faith of the Hawthorne School of Aeronautics. In fact, it is a distinct pleasure to state that this School, in its dealings with the City, both in the person of its President, Mr. Howard, and its attorney, Mr. Greenough, has displayed to the highest degree, complete good faith. They have been open-handed, above-board and entirely fair in all discussions relating to the rights of the City of Orangeburg, and the writer is glad to express his confidence in their integrity.

In conclusion, the City Attorney wishes to state that it is not his premise to advise the City Council as to matters of policy, or to question its good judgment in regard to any transactions related to the affairs of the City. Nevertheless, he feels that it is his duty to call attention to the doubtful legality of

giving away, without any consideration, valuable property rights which now vest in the said City and for which the City has expended a relatively large amount, which even now remains to be paid for by bond issue, or otherwise.

Mr. Coombs' statement that it is not the policy of the Defense Plant Corporation to refund local municipalities for any funds which they expend incident to inducing the flying schools to locate at or near their locality, does not apply to the present situation. The City of Orangeburg is not asking the Corporation to refund the money expended.

In fact, the City of Orangeburg has willingly and gladly agreed to the transfer of the entire plant to the Defense Plant Corporation for its use as a flying field in connection with National Defense without regard to the amount invested. The Corporation, as a matter of policy, is demanding more than the Hawthorne School of Aeronautics required or the defense program's needs and is doing so without regard to the rights of this municipality. It demands the surrender of all rights without being willing to give the City any protection whatsoever.

For the reasons above stated, I hereby advise the City Council that, as City Attorney, I cannot approve the legality or the form of the proposed agreements, or, if they are signed, can I assume any responsibility in connection with protecting the rights of the City in accordance with the agreement dated July 24, 1941, by and between the City of Orangeburg and the Hawthorne School of Aeronautics.

Hugo S. Sims, City Attorney

R E S O L U T I O N

WHEREAS, the Hawthorne School of Aeronautics, now operating a flying school in connection with National Defense, has requested the City of Orangeburg to modify the terms of its agreement with the City of Orangeburg in order that the said Hawthorne School of Aeronautics may convey to the Defense Plant Corporation an unqualified fee simple title to a certain tract of land, containing thirty acres and, at the same time, assign to the said Defense Plant Corporation its lease on a certain other and adjoining tract of land containing five hundred and one acres; and

WHEREAS, the Mayor of the City of Orangeburg, accompanied by the City Attorney, conferred with the Defense Plant Corporation in Washington, D. C., through J. Wendell Coombs, an official of the said Corporation, and, whereas, at such conference, it was agreed by and between the representatives of the City of Orangeburg and the said J. Wendell Coombs, representing the Defense Plant Corporation, that if the City of Orangeburg modified its contractual agreements with the Hawthorne School of Aeronautics so that the said School could convey the said thirty acres of land to the said Corporation, that the said Defense Plant Corporation, in consideration of the modification of the agreement between the City of Orangeburg and the Hawthorne School of Aeronautics, would agree to a clause in the lease of the five hundred and one acres, providing for the termination of the said lease if the said land was not used for a period of twelve months as a flying school operated by or for the Government; and

WHEREAS, the said Defense Plant Corporation, through its said J. Wendell Coombs, agreed for and in consideration of the modification of the agreement between the City of Orangeburg and the Hawthorne School of Aeronautics, that upon acquiring an unqualified fee simple title to the thirty acres of land, it would agree to give the City of Orangeburg the first option to purchase the buildings on the said tract of land at a price not exceeding the

best offer received by the said Defense Plant Corporation for the said tract of thirty acres and the buildings thereon,

NOW, BE IT RESOLVED by the Mayor and Councilmen of the City of Orangeburg, in council assembled and by authority of the same:

That the said City Council hereby agrees to modify its agreement with the Hawthorne School of Aeronautics so that the said School can convey the said thirty acres of land to the Defense Plant Corporation by an unqualified fee simple title and assign its lease covering the five-hundred-and-one-acre tract to the said Defense Plant Corporation, subject only to the provision that the said lease shall terminate if the said land is not used for a period of twelve months as a flying school operated by or for the Government.

BE IT FURTHER RESOLVED that the City of Orangeburg, upon receiving a contractual agreement, executed by the proper officials of the Defense Plant Corporation, properly probated, agreeing to the conditions hereinabove outlined in consideration of the modification by the City of Orangeburg of its agreements with the Hawthorne School of Aeronautics, is prepared to execute the attached or similar agreements, dated the 13th day of March, 1942, subject to the modifications herein contained; provided, that the agreement of the Defense Plant Corporation specifically binds itself to give the City of Orangeburg the first option to purchase the buildings on the said thirty acre tract of land at a price not exceeding the best offer received by the said Corporation when it elects to sell the said thirty acre tract of land and the buildings thereon.

BE IT FURTHER RESOLVED that the conditions outlined in a letter to the Hon. A. C. Walker, Mayor of the City of Orangeburg, and signed by the said J. Wendell Coombs for the Defense Plant Corporation, be and the same are hereby declared unacceptable to the City of Orangeburg and not in accordance with requirements hereinabove outlined in behalf of the City of Orangeburg.
