The Hon. F. B. Bryant, Senator,
James M. Brailsford, Jr., Hugo S.
Sims, Jr., Marshall B. Williams
and Charlton H. Horger, Representatives,
Orangeburg, South Carolina.

Gentlemen:

In the summer of 1941, the City of Orangeburg, in order to assist in the National Defense Program, acquired certain real estate and made certain improvements in connection with the location of the Hawthorne School of Aeronautics near the City of Orangeburg.

On July 26, 1941, the Orangeburg County Delegation, by appropriate legislative authorization, contributed the sum of \$15,000 to the development of the said airport in connection with the National Defense Program, and the County Treasurer paid the said sum to the City of Orangeburg.

It was provided that the City of Orangeburg agree "that in the event this property shall ever be sold or its use discontinued as an airport, then and in that event, the proceeds from such disposal sale of the said property shall be divided between the City of Orangeburg and the County of Orangeburg in the proportion that the two units of government have contributed to the purchase and development of the said property."

The Hawthorne airport property, as you are probably aware, has been declared surplus by the War Assets Administration. It was recently put up for sale and the City of Orangeburg is about to acquire title to the part of the real estate conveyed to the National Government, together with certain improvements thereon, for the sum of \$30,000.

The records of the City reveal that the City of Orangeburg has invested \$36,608.32 in the said property and the County of Orangeburg has made a contribution of \$15,000.

This means that out of the total of \$51,608.32, the County of Orangeburg contributed twenty-nine per cent. and the City of Orangeburg seventy-one per cent. Accordingly, the County of Orangeburg, if it wishes to have any further interest in and to the property used as the airport, should make a contribution of twenty-nine per cent. on the purchase price of \$30,000. This amounts to \$8,700.00.

The City of Orangeburg, therefore, offers to the County of Orangeburg the opportunity to provide the sum of \$8,700, which will be its pro rata share of the \$30,000 for which the War Assets Administration is ready to release all its right, title and interest in and to the said property.

Without this payment it will be impossible to use or dispose of the property heretofore devoted to the uses and purposes of the Government of the United States and the Hawthorne School of Aeronautics.

As Mayor of the City of Orangeburg and acting for the said City, I call this matter to your attention in order that the County of Orangeburg may take such steps as it desires in connection with protecting its rights under the agreement of July 26, 1941. Of course, the additional \$30,000 will make a total investment of \$81,608 in the property. Whether there exists any possibility of recapturing anything like this sum to a disposal of the property, if such disposal should prove feasible, is uncertain. However, the City of Orangeburg feels that this is the appropriate time to have a clear-cut understanding with the County of Orangeburg as to any claim that it may wish to protect in connection with the said agreement.

I will appreciate very much being advised of the decision of the Delegation as early as possible and in the event that the County of Orangeburg decides to put up its pro rata share, it will be appreciated if you will have the County Treasurer send the City of Orangeburg a check for \$8,700.00 immediately.

With personal regards, I am

Yours very truly,

R. E. Jennings, Jr.
Mayor of Orangeburg.

Aug. 6th, 1947.

Hon. R. H. Jennings, Jr.,
Mayor, City of Orangeburg,
Orangeburg, S. C.

Dear Sir:

Your letter of June 16th, 1947, addressed to Messrs. T. B. Bryant, James M. Brailsford, Jr., Hugo S. Sims, Jr., Marshall B. Williams and Charlton B. Horger, Senator and Representatives from Orangeburg County, was taken up by them at a recent meeting of the Delegation, at which time they decided that the matters referred to by you should properly come before the Orangeburg County Highway Commission and requested that I present your letter to the Commission for action. Your letter was presented at the Commission's regular meeting yesterday.

The Commission appreciated the offer of the City to permit the County to participate with the City in the repurchase of the thirty acres previously sold to the Hawthorne School of Aeronautics but does not feel that a repurchase of this property would be a proper step for Orangeburg County and it, therefore, declines the offer.

The Highway Commission is thoroughly in accord with the suggestion of the City wherein you state: "However, the City of Orangeburg feels that this is the appropriate time to have a clear-cut understanding with the County of Orangeburg as to any claim that it may wish to protect in connection with the said agreement."

The Commission feels that there should be an accounting between the City and the County relative to receipts from the original sale of the thirty acres of land to Hawthorne School of Aeronautics, the sale of timber and investments by the County for improvements, which are in addition to the \$15,000.00 referred to in your letter, and also such other items as may properly enter into a computation of the respective rights and interests of the City and County in and to the real estate involved.

The Highway Commission authorized Mr. L. C. Boone, County Engineer, in conjunction with any person or group whom the City may designate for the purpose, to state the accounts subject to the approval of the City and the Highway Commission. It is suggested that the plan adopted by the Commission is probably the easiest manner in which this situation can be clarified, and if it meets with the approval of the City, you can so notify me or Mr. Boone, and I am sure that he will be prepared to proceed promptly in cooperation with the City's representative. If the

City should have other suggestions which it may desire to offer for this purpose, I feel satisfied that the Highway Commission will agree to any reasonable method of settlement.

If I can be of any assistance to the City in this matter, I will be delighted to do what I can.

Yours very truly,

James A. Moss,
County Attorney.
