CONTRACT
for the
CODIFICATION OF THE ORDINANCES
of the
CITY OF ORANGEBURG, SOUTH CAROLINA
by the
MUNICIPAL CODE CORPORATION
Tallahassee, Florida

This agreement, made and entered into this

Third day of January, 1967,

by and between the MUNICIPAL CODE CORPORATION, a corporation duly organized and existing under the laws of the State of Florida, hereinafter referred to as the Corporation and the CITY OF ORANGEBURG, a municipal corporation in the State of South Carolina, hereinafter referred to as the municipality.

WITNESSETH: That upon the terms and conditions set forth in this contract, the Corporation and the municipality hereby agree as follows:

PART ONE

A. EDITORIAL WORK:

The Corporation will, under the supervision of the City Attorney:

(1) CODIFICATION OF ORDINANCES. Codify, classify and edit the ordinances of a general and permanent nature passed in final form by the municipality as of the date of this agreement; provided, however, that the municipality may forward to the offices of the Corporation all ordinances passed subsequent to said date for inclusion in the new Code up to the time of type-setting of the manuscript. No ordinances will, however, be included in the Code manuscript subsequent to notice of completion of the editorial work as provided in Paragraph (12) of this Part.

(2) REVISE OR REWRITE EXISTING ORDINANCES. Revise, rewrite and edit the existing ordinances so that the provisions of the new Code will be expressed in concise, modern and proper phraseology without conflicts, ambiguities and repetitious provisions. Material changes resulting thereby shall be submitted to the Attorney for the municipality for consideration and approval.

Each chapter of the new Code shall be all-inclusive and shall embrace all ordinances dealing with the subject matter of that chapter, and within the chapter itself, the ordinances shall be arranged in an orderly and logical fashion.

(3) REPEAL OF OBSOLETE PROVISIONS. Inform the Attorney for the municipality of obsolete, outmoded or unnecessary provisions which he in turn may recommend to be repealed by the governing body.

(4) CATCHLINES. Prepare catchlines to the individual sections that accurately express the content of the section.

(5) FOOTNOTES AND CROSS REFERENCES. Prepare editorial footnotes and cross references which will tie related sections of the new Code together. Proper reference will also be made in the form of footnotes to similar or related provisions of the state law.

(6) HISTORY NOTES. Prepare history notes for each section of the new Code, which notes will include references to the ordinances from which the section is derived.

(7) INDEX. Prepare a comprehensive, legal and factual general index for the entire Code.

(8) RECOMMEND NEW MATERIAL. Inform the Attorney for the municipality of new material which he can recommend to the governing body to be included in the Code so that the new Code will be broad and comprehensive to cover existing conditions or conditions which may arise in the foreseeable future.

(9) STATE LAW AND COURT DECISIONS. The ordinances will be checked against the corresponding provisions of the general laws of the State and any conflicts or inconsistencies revealed thereby will be called to the attention of the Attorney for the municipality. The reported decisions of the appellate courts of the State, relating to the ordinances of the municipality will also be checked and any such decision affecting the validity of any such ordinance will be called to the attention of the Attorney for the municipality.

(10) EDITORIAL CONFERENCE. All editorial work will be performed in the offices of the Corporation in Tallahassee, Florida. Upon completion of the basic editorial research, the supervising editor in charge of your Code will conduct an editorial conference with the Attorney, Clerk and/or other officials of the municipality. All changes and recommendations will be made known at this time and the municipality will be free to make changes and alterations at this conference and the Corporation will be charged with the duty of carrying out all such desired changes.

(11) POST-CONFERENCE WORK. Upon completion of the editorial conference conducted in the CITY OF ORANGEBURG, the Code manuscript will be prepared for typesetting and printing.

(12) NOTICE OF COMPLETION OF EDITORIAL WORK. Upon approval of the Code manuscript by the municipality and upon completion of the post-conference work, the Corporation shall notify the municipality in writing that the Code manuscript is ready for typesetting and printing. No ordinances will be included in the Code manuscript enacted subsequent to such notice.

(13) GALLEY PROOFS. After the entire Code is set in type, the Corporation will submit one (1) full set of galley proofs to the municipality for additional review. The Corporation assumes the responsibility of proofreading and typographical correctness. The municipality may make word changes on the galley proofs without charge, however, should the municipality delete entire sections, articles or chapters constituting more than a page of type, the municipality will be charged for such deleted type at the per page rate as provided in Part Two, Paragraph (2).

It shall be the duty of the municipality to return the galley proofs to the Corporation within thirty (30) days from receipt thereof to enable the Corporation to proceed with the

printing and binding schedule. Delays in returning the galley proofs could upset the printing and binding schedule and contemplated final delivery of the new Code. In addition, delayed return of the galley proofs could require additional editorial work to handle and include the new ordinances, for which additional charges could be made.

(14) ADOPTION OF CODE. After approval of the manuscript by the Attorney for the municipality at the editorial conference and after the Code has been set in type and the galley proofs have been submitted to the municipality and approved by the Attorney for the municipality, the Corporation will proceed to print the proposed new Code in accordance with Section B, Printing and Binding Specifications. When the printing is complete, the Corporation will submit three (3) advance copies bound for filing, along with a form of a suggested adopting ordinance. After the Attorney for the municipality drafts the adopting ordinance and the same is enacted, the Clerk shall send the Corporation a true copy of the adopting ordinance and the Corporation will print the same to be inserted into all copies of the new Code.

B. PRINTING AND BINDING SPECIFICATIONS:

(15) PRINTING. Upon completion of the editorial work and approval of the same by the Attorney for the municipality, the Corporation shall print:

- (a) the text of the Code in ten-point type with bold-face catchlines;
- (b) the index in eight-point type with main headings in light-face capitals;

PART TWO

The municipality will:

(1) COPIES OF MATERIAL. It shall be the duty of the municipality to furnish the Corporation with either typed or printed copies of all ordinances of a general and permanent nature passed in final form for use in the editorial work. In the event copies of the ordinances are not available, the Corporation will photograph copies of all ordinances needed from the ordinance books and records of the municipality. It will be necessary for the municipality to send the ordinance books to Tallahassee for this photographing, whereupon the Corporation will return the books and records to the municipality within ten (10) days.

(2) COSTS. Pay the Corporation for the work of editing, printing and binding as herein provided, as follows:

Fixed Editorial Fee \$2,500.00
Printing One Hundred (100) copies . \$7.50 per

PART THREE

LOOSELEAF SUPPLEMENT SERVICE

After the official adoption of the new Code as herein
provided the Corporation hereby offers to maintain the same up-
to-date by means of publishing Looseleaf Supplements containing
the new ordinances of a general and permanent nature passed subse-
quent thereto.

The Corporation will publish the Looseleaf Supplements
containing the new ordinances as often as the City desires;
provided, however, that a minimum of thirty (30) days shall be
required for delivery of a Supplement following the publication of
the previous Supplement.

In the performance of this Part Three, it is requested
that the ordinances be forwarded to the Corporation promptly
following official enactment by the municipality. The Corporation

will publish the Looseleaf Supplements immediately upon receipt of the ordinances unless instructions from the municipality direct otherwise. There shall be no penalties or additional charges incurred on the part of the municipality for more or less frequent publication dates.

In the preparation of the Looseleaf Supplements, the Corporation will study the new ordinances in conjunction with the existing provisions of the new Code for the purpose of determining if any provisions of the basic Code are repealed, amended or superseded. The page or pages of the Code containing provisions that are specifically repealed or amended by ordinance shall be reprinted or printed to remove such repealed or amended provisions and insert the new ordinances. Appropriate amendment or other editorial notes will be prepared and appended to the new sections explaining the effect of the new ordinances on the repealed or amended provisions.

When the inclusion of new material necessitates changes in the index, appropriate entries will be prepared and printed, or when necessary, pages of the index will be reprinted to include the new entries.

Each Supplement will contain a page of instructions for removal of the old pages and the insertion of the new pages.

The Corporation will prepare the ordinances editorially as follows: Print One Hundred (100) copies of each Supplement for the sum of NINE DOLLARS AND FIFTY CENTS (\$9.50) per page, including blank pages.

For the purpose of this agreement, a page is hereby defined as the area on one (1) side of a sheet of paper. A sheet contains two (2) pages.

The Supplements will be shipped to the municipality, f.o.b., Tallahassee, Florida, for distribution to the holders of the Codes. The municipality shall have the exclusive right to sell the Codes and the Supplements.

IN TESTIMONY WHEREOF, the Corporation has caused this agreement to be executed by the signing of its authorized officers and the affixing of its corporate seal, and the municipality has caused this agreement to be executed by the signing of its authorized officers and the affixing of its corporate seal, this day and year first written above.
