M. R. Campbell

We, the undersigned, Norman G. Sifly and Charles B. Goodman, believe as we did last year when the ordinance on fire protection outside of the city was passed over our opposition that the ordinance in its present form is unjust, unfair and discriminatory.

Therefore, we offer an amendment that all property owners outside of the city limits be charged for fire protection on a millege basis according to the value of the property on the books of the county auditor.

Persons owning cheap multiple housing are paying by the unit. On the other hand, a motel worth \$500,000 is charged as being only one unit. For instance, one property owner is paying \$195.00 on rental property which is appraised at \$66,000 while the motel pays only \$50.00. An industrial plant valued at millions pays a flat fee of \$100.00; a person with a home valued at \$3,000 pays \$20.00; a person with a home valued at \$75,000 pays \$20.00. We can see no justification in these figures.

A number of property owners have said that they would not pay for fire protection as the ordinance is now written. Many more would be happy to sign if it was on a more equitable basis.

The people owning property adjoining the city limits help make our town and help support it through the use of the business area of our city. They must depend on the Orangeburg Fire Department for protection and should be treated fairly.

THE ORANGEBURG DECLARATION

ORANGEBURG BRANCH NAACP

WITH FULL SUPPORT OF NATIONAL NAACP

February 11, 1968

1. We declare that the turbulent events of this past week in the city of Orangeburg, including police brutality which resulted in the death of three students and the injury of approximately forty others, require the following actions:
 - A. We offer and solicit support and sympathy for the families of those students who suffered the pains of injury and death during this past week, and pledge ourselves to do all in our power to alleviate the conditions which led to such tragedy. We further declare that the State of South Carolina should make adequate restitution to the families of those students who were wounded and killed during the present Orangeburg racial crisis.
 - B. We call for the immediate suspension of the law enforcement officers responsible for the police brutality pending investigation of violations of citizens civil rights.
 - C. We ask for the immediate inclusion of an equitable number of Negroes on all levels of law enforcement, city, county, and state, including SLED and the State Division of the National Guard.
 - D. We request the instituting of an Orangeburg police-community relations force to re-establish confidence between Negro citizens and law enforcement agencies. The unsolved Orangeburg shooting of a Negro youth which took place in October, 1966, when sufficient evidence was presented to expect an early arrest, is but one example pointing up the need for such a step.
2. We declare that the owner of All-Star Bowling Lanes, Mr. Floyd should be prohibited from operating his business on a discriminatory basis. If and when he opens his establishment on a non-discriminatory basis, he is to comply with Fair Employment Practices laws. The American dollar is green, not black or white, and the quality of his services will alone determine his share of the consumer's buying power.
3. We declare the necessity of the Orangeburg city administration in conjunction with the county officials, forming a community relations task force. This Task Force should have official sanction from the city government to act in an advisory capacity to the mayor, particularly in matters involving race relations and civil rights. It should be modeled after the recently organized South Carolina Task Force for Community Uplift. Its membership should be broadly based with persons from all economic and social segments of the community and be bi-racial in composition. Representation from the Negro community should have the recommendation of the Orangeburg NAACP.

The immediate agenda of this task force should include:

- A. The formation of a Fair Employment Commission.
 - B. An evaluation of the medical services offered to Orangeburg citizens with a careful study and thorough investigation of the complaints being voiced by the Negro community concerning discrimination in treatment procedures and segregation in the use of facilities. Hospital wards, physicians' offices, and public health centers are still maintaining policies detrimental to Negro citizens.
 - C. An evaluation of the news media. It is to be noted that the Negro community receives far less coverage in this media than the white community.
 - D. An appeal must be made to Drive-in theaters to integrate their facilities. All Orangeburg community facilities of public accommodations must, in fact, be integrated.
4. We declare that an investigation of the Orangeburg County penal system is greatly needed. The absence of Negroes in responsible positions in this system leads to discriminatory practices. There needs to be an equal number of Negro and white guards, and the inmates need to be grouped in fully integrated fashion to insure the fair treatment of all persons. The whole system of justice is a white system, from the courts to the prison, and the Negro citizen suffers under tremendous handicaps in securing equal justice under the law. More emphasis needs to be placed upon the rehabilitation purposes of justice procedures as over against the punitive, especially in a community where racial animosities are present.
5. We declare that an investigation should be initiated into the possible violation of Federal Communications codes by radio station WDIX. This station makes repeated attacks upon individuals and organizations through its editorials, and makes no genuine effort to comply with FCC "to inform the person attacked by sending a transcript, tape, or if these are unavailable, an accurate a summary as possible of the attack, and to offer him a comparable opportunity to respond." (Quoted from Standard FCC admonition to stations.)
- It is our judgment that the frequent attacks upon leaders of the Negro community and the inferences prevalent in much of the editorial material regarding the inferior status of the Negro lend themselves to a worsening of community relations.
6. We declare that in a state where the average annual family expenditure of Negro citizens is \$3,465 as compared to \$5,219 for white citizens (Statistical Abstract of the U.S., 1966, U.S. Department of Commerce) and in a Negro-majority county where only 58.1 percent of the homes have washing machines, and only 39.3 percent have adequate plumbing facilities (County and City Data Book, 1962, U.S. Department of Commerce), it is more than

apparent that economic issues loom large in continuing discontent. It seems to us that the following is a minimum of measures needed to respond to this situation:

- A. The rapid acceptance and implementation of the Food Stamp Program.
- B. National minimum wage levels should be applied to all laboring people including Negro domestic workers. The Negroes who work behind the scenes and provide the backbone labor in restaurants, in banks, in department stores, in the post office, in public utilities, in hospitals, and in the homes of many white citizens, need to be fairly and equitably paid. Moreover, Negroes need to be immediately advanced to higher positions in all establishments, private and public, assuming those positions which face the public and have responsibility for persons, white and Negro who work under them.
- C. The city, county, and state officials, as well as business leaders must take seriously the need for job training programs. The massive efforts expended to train Negro young men to fight for freedom in Viet Nam, must be matched and exceeded by efforts to train them at home to assure them full participation in the society they are defending.
 1. Thorough investigations must be made of the job placement and testing procedures of the South Carolina Employment Security Division, with attention to its Orangeburg branch.
 2. Job training programs must be initiated by joint efforts of the public and private sectors of the community. The need for employment, both part and full-time, for Negro youth in college and community cannot be over-emphasized. Where qualifications are lacking, due to inadequate secondary public schools, it is the responsibility of the community which allowed these schools to exist, to provide compensatory training in order to enable these young people to share equally in the economic life of our community.
 3. The need to investigate such companies as the Orangeburg Branch of Southern Bell in regard to testing procedures in the selection of person has been voiced by the Negro community.
- D. The adoption of the MEDICARE program by the Orangeburg Regional Hospital is urgent.
- E. Public housing facilities should be made available to low income families, and fair housing laws strengthened and enforced. Greater efforts must be made to alleviate and remove the large number of poverty areas that still remain in Greater Orangeburg.

- F. We call upon the total Negro community and other interested citizens to participate in a no-buying quarantine, with shopping being confined to Negro businesses in ghetto areas, until such time as compliance with these declarations is unmistakably indicated.
7. We declare that for complete political and social justice to come to Greater Orangeburg, a fuller participation in the life of the body politic is necessary for the Negro community. We feel the following will facilitate this process:
- A. The appointment of additional Negro dupty registrars. This is especially important since the crisis now facing us has made it even more difficult to register and re-register thousands of Negroes who are still off the registration lists, many of whom have never had the privilege of registering before.
 - B. The city council of Orangeburg should, with every means at its disposal, facilitate the annexation of large areas of Negro residences where citizens have already petitioned for this to be done. Such an exclusion works foster unrest in that city housing standards are not required of these properties, community services such as police protection, welfare services, and city rates for public utilities are not available, and houses have been seen burning to the ground with little hope of fire protection.
 - C. The Orangeburg county Draft Board should be immediately integrated.
8. We declare that the long history of school segregation has demonstrated the lack of interest on the part of our community leaders in the education of Negro children and youth. Fourteen years after the historic Supreme Court school desegregation order, Orangeburg schools still reflect deep-seated patterns of racial discrimination. Following is a minimum of steps which must be taken:
- A. Elimination of dual school systems, including the bussing of children past schools in their own neighborhood to distant schools in an effort to maintain racial segregation. Full and complete integration of the schools, faculty, and students, at all levels, must be accomplished.
 - B. The acceptance of compulsory school attendance laws throughout all of Orangeburg county.
 - C. There must be intensive efforts to place Negroes on school boards at all levels of the education system.

- D. The re-instatement by the federal government at the joint request of local school officials and Claflin College administration of the Title IV program of school desegregation. This program was carried on at Claflin College last summer, and has been denied up to this point by the federal government for the coming summer.
- E. Positive and concrete steps to change the status of South Carolina State College from a state-supported institution of higher learning designed to educate Negro youth to a regular branch of the University System, serving the whole community. The day is long overdue when all South Carolina institutions of higher learning are characterized in faculty, staff and students, by academic rather than racial distinction.
9. We finally declare that the direct and positive response of the community to these declarations, and not the presence of militia, will prevent a continuing unrest. We therefore request the immediate removal of the guardsmen and anticipate responsible and swift action on the part of community leaders. This alone will lead to the kind of community for which we all are working.

W. G. Lewis, Woodfield Branch

MUNICIPAL-STATE HIGHWAY PROJECT AGREEMENT

STATE OF SOUTH CAROLINA

COUNTY OF Orangeburg

FILE NO. 30-625

F. A. PROJECT NO. C-625

~~ROUTE~~ ROAD NO. S-1073

RESOLUTION

WHEREAS, In accordance with Chapter 3, Title 33, Code of Laws of South Carolina, 1962, and amendments thereto, the South Carolina State Highway Department in cooperation with the Municipality of Orangeburg, proposes to construct, reconstruct, alter, or improve a certain street, or streets, on duly constituted routes in the State Highway System, within the corporate limits of said Municipality, according to plans prepared by the State Highway Department, identified as follows:

Project No.

Route or Road No.

C-1073

Road S-1073

Road S-1073: Drive at Orangeburg City School, from Bennett Ave. (Rd. S-205) to Road S-1073:

NOW THEREFORE, Be it resolved that the Municipality of Orangeburg does hereby consent to the construction or improvements of the aforesaid municipal street, or streets, in accordance with the aforesaid plans, thereby evidencing compliance by the State Highway Department with the provisions of Section 33-172, Code of Laws of South Carolina, 1962; and further, the Municipality, having reviewed the plans for said construction, does hereby approve said plans, as heretofore identified, as provided for in Section 33-173, of the 1962 Code, it being understood that by such approval, the Municipality hereby assumes all liability which the State Highway Department might otherwise have as a result of damage to property or persons resulting from such improvement, construction, reconstruction, or alteration carried out in accordance with the plans herein approved.

BE IT FURTHER RESOLVED, That the Municipality will legally protect the right of way as shown by the plans prepared by the State Highway Department and as established for this street, or streets, from future encroachment along any or all parts of the improvement covered by this agreement, and that all water, sewer and gas pipes, man-holes, or fire hydrants and all power, light, telegraph, or telephone poles will be moved, relocated or rearranged, or caused to be moved, relocated or rearranged by the Municipality, in accordance with plans prepared by the State Highway Department and/or

by respective utility companies showing their present and proposed location, and made a part hereof, with provision that pole lines and hydrants be located back of the sidewalk, and all necessary rights of way for drainage ditches or pipes will be secured to conform to the plans for the proposed improvement and that all of the above will be done without any expense or cost to the State Highway Department except for those items which are shown on the construction plans for this project to be adjusted as items in the construction contract or contracts to be awarded by the State Highway Department.

BE IT FURTHER RESOLVED, That the Municipality will furnish the State Highway Department with evidence satisfactory to the Department that the utilities are operating within the Municipality by franchise or other written permission with provision that all necessary relocations of such utilities to accommodate street improvements will be made at no cost to the State Highway Department; that the presence of the utilities over, along or under the street will in no way interfere with construction, maintenance, and safe operations of the street; and that no additional utility installations within the limits of the street improvement from the date of the execution of this agreement will be permitted without approval of the State Highway Department, and that the relocation activities will be coordinated so as to minimize interference with contractor operations.

BE IT FURTHER RESOLVED, That the Municipality hereby signifies its intention to faithfully observe the provisions of Chapter 7, Title 46, Code of Laws of South Carolina, 1962, and all amendments thereto relating to the regulation of traffic on the street, or streets, to be constructed, reconstructed, altered or improved as hereinabove identified and further agrees to refrain from placing or maintaining any traffic control devices upon any section of said street, or streets, without having first obtained written approval of the State Highway Department as required in Section 46-302 of the 1962 Code, nor enacting any traffic regulation ordinances inconsistent therewith.

IN WITNESS WHEREOF, This Resolution is hereby adopted and made a part of the Municipal records this 18th day of June, 19 66 and the original of this Resolution will be filed with the South Carolina State Highway Department at Columbia.

Gentlemen:

The present maximum taxi rates for the City of Orangeburg became effective on December 27, 1956. Not only has the cost of automobiles, repairs, gas, oil, supplies, drivers, and communication system increased substantially since that time, but the City of Orangeburg has become a much busier city and the corporate limits have become substantially extended. All these factors have contributed to the greater cost of supplying adequate and satisfactory taxi service in the City of Orangeburg.

I, therefore, petition that the maximum taxi rates of the City of Orangeburg be amended as follows:

For Zone 1--One passenger, \$0.60; two passengers, same origin, same destination, \$0.75; each additional passenger, same origin, same destination, \$0.25

For Zone 2--One passenger, \$0.75; each additional passenger, same origin, same destination, \$0.25; waiting time minimum, first five minutes, \$0.50; over five minutes, \$0.75 for each ten minutes or major fraction thereof; in addition to fare--
Grocery minimum, \$0.15; maximum, \$0.50.

Respectfully submitted,

R E S O L U T I O N

WHEREAS, There has been for sometime public interest evidenced in the extension of recreational facilities in the Orangeburg area in recognition of the ever increasing interest in and needs for providing additional public areas for use both by our citizens and to attract visitors; and

WHEREAS, It is generally felt that the completion of I-95 will tend to seriously decrease the tourist traffic on 301 passing thru our City-thus resulting in a revenue loss to the many businesses now benefiting from such traffic. It is recognized that the projected four-laning of 301 will tend to help to some extent to keep some through traffic passing through our community, but it is felt that additional attractions are sorely needed to encourage the continued use of 301; and

WHEREAS, Edisto Memorial Gardens are presently our main tourist attraction as well as a source of enjoyment and inspiration of our own citizens. Yet it is recognized that as a tourist attraction the Gardens do not interest visitors for a sufficient time to cause them to remain in our city for any extended periods. Thus it is felt that enlargement and diversification of the Gardens are desirable. Experience has shown that increased recreational facilities are also an important need for attracting visitors. Such facilities to attract overnight use must include attraction for families. Thus it is indicated that play areas, overnight camping areas, sports areas and a full package of attractions and conveniences must be offered; and

WHEREAS, It has been proposed to the Council that it consider the feasibility of the construction of a 750 acre lake on a site of some 1,000 acres of undeveloped lands on the Edisto adjacent to the Gardens to provide for water sports, along with camping facilities, play areas, and other recreational provisions, as well as expansion of the Gardens to fit the natural setting, and also to provide area for future development of facilities for cultural development and esthetic enjoyment of all; and

WHEREAS, The Council has had a preliminary study made of the feasibility and cost estimates of such a community project which indicate the possibility of the City of Orangeburg accomplishing the project provided it has whole-hearted community support. The Council, recognizing the magnitude of this project, feels that it would be desirable to have a representative group of the community's business, professional and civic-minded citizens serve as an advisory group to further study the feasibility of the project and make recommendations to the Council on this and other broad aspects in planning for the future development of our physical, cultural and economic assets; NOW THEREFORE

BE IT RESOLVED by Council, in Council assembled this 20th day of August, 1968 that A Citizens Advisory Committee be appointed to serve for the purposes aforesaid.

STATEMENT

by

ALEC T. BROWN

In advocating consideration of a proposal to construct a lake and recreation area on the Edisto adjacent to Edisto Memorial Gardens, I would like to make it clearly known that I am not abandoning hope for the eventual construction of the larger lake Edisto project that has been under consideration for some time. I see no conflict between the two projects - in fact I feel that each would complement the other. Realistically the garden project appears to be possible of early accomplishment; whereas the upper project has certain inherent problems that have not as yet been solved. The newly proposed recreation concept can be brought into reality by the City government; it involves no private property development and enhancement; no special legislation would be required to authorize the project. The larger lake further upstream can still be accomplished. But due to location, size and costs, together with the involvement of the interests of adjacent property owners, it has many as yet unanswered questions as to legal authorization, financing, and equitable distribution of costs and benefits as between public and private interests. It would now appear that the most probable means of effecting this project would be by private interests with the enhancement of values of surrounding lands ultimately providing the means of amortizing the costs.

Even though the smaller project be accomplished, and I feel sure that it will be because of its relative simplicity and to me apparent benefits, I still am interested in the original project and stand ready to assist in its eventual development. All of the studies, plans and data pertaining thereto are available for future use by any responsible agency.

(Condensed to simple terms the above statement is intended to convey that I am still interested in the larger project but for reasons of practicality and immediate benefits to be derived by the community I favor consideration of the feasibility of the smaller project at this time.

RESOLUTION

WHEREAS The State Highway Department proposes to improve a section of
Road S-1320

in the Town of Orangeburg S. C. in accordance with plans as approved
by the Town of Orangeburg S. C. on 19 68.

And whereas it is incumbent upon the Town of Orangeburg
S. C. to furnish free of cost to The State Highway Department all rights of
way within the corporate limits of said town,

And whereas it has been impossible for the Town of Orangeburg
S. C. to acquire all of the necessary rights of way,

NOW THEREFORE BE IT RESOLVED that the Town of Orangeburg
S. C. acting through its mayor and councilmen requests The State Highway De-
partment to condemn in the name of The State Highway Department and The Town
of Orangeburg S. C. all necessary rights of way within the Town of
Orangeburg S. C. that have not been secured for the construction of
this road, and hereby agrees to assume all costs of awards, and appeals there-
from,

AND BE IT FURTHER RESOLVED that a copy of this RESOLUTION shall be
spread upon and become a part of the minutes of the Town of Orangeburg

MUNICIPAL-STATE HIGHWAY PROJECT AGREEMENT

STATE OF SOUTH CAROLINA

COUNTY OF ORANGEBURG

FILE NO. 38-629

F. A. PROJECT NO. C-629

~~ROUTE~~ OR ROAD NO. S-1320

RESOLUTION

WHEREAS, In accordance with Chapter 3, Title 33, Code of Laws of South Carolina, 1962, and amendments thereto, the South Carolina State Highway Department in cooperation with the Municipality of Orangeburg, proposes to construct, reconstruct, alter, or improve a certain street, or streets, on duly constituted routes in the State Highway System, within the corporate limits of said Municipality, according to plans prepared by the State Highway Department, identified as follows:

Project No.
C-629

Route or Road No.
Road S-1320

Road S-1320: Along Lowman St. from Amelia St. to Russell St.

NOW THEREFORE, Be it resolved that the Municipality of Orangeburg does hereby consent to the construction or improvements of the aforesaid municipal street, or streets, in accordance with the aforesaid plans, thereby evidencing compliance by the State Highway Department with the provisions of Section 33-172, Code of Laws of South Carolina, 1962; and further, the Municipality, having reviewed the plans for said construction, does hereby approve said plans, as heretofore identified, as provided for in Section 33-173, of the 1962 Code, it being understood that by such approval, the Municipality hereby assumes all liability which the State Highway Department might otherwise have as a result of damage to property or persons resulting from such improvement, construction, reconstruction, or alteration carried out in accordance with the plans herein approved.

BE IT FURTHER RESOLVED, That the Municipality will legally protect the right of way as shown by the plans prepared by the State Highway Department and as established for this street, or streets, from future encroachment along any or all parts of the improvement covered by this agreement, and that all water, sewer and gas pipes, man-holes, or fire hydrants and all power, light, telegraph, or telephone poles will be moved, relocated or rearranged, or caused to be moved, relocated or rearranged by the municipality, in accordance with plans prepared by the State Highway Department and/or

by respective utility companies showing their present and proposed location, and made a part hereof, with provision that pole lines and hydrants be located back of the sidewalk, and all necessary rights of way for drainage ditches or pipes will be secured to conform to the plans for the proposed improvement and that all of the above will be done without any expense or cost to the State Highway Department except for those items which are shown on the construction plans for this project to be adjusted as items in the construction contract or contracts to be awarded by the State Highway Department.

BE IT FURTHER RESOLVED, That the Municipality will furnish the State Highway Department with evidence satisfactory to the Department that the utilities are operating within the Municipality by franchise or other written permission with provision that all necessary relocations of such utilities to accommodate street improvements will be made at no cost to the State Highway Department; that the presence of the utilities over, along or under the street will in no way interfere with construction, maintenance, and safe operations of the street; and that no additional utility installations within the limits of the street improvement from the date of the execution of this agreement will be permitted without approval of the State Highway Department, and that the relocation activities will be coordinated so as to minimize interference with contractor operations.

BE IT FURTHER RESOLVED, That the Municipality hereby signifies its intention to faithfully observe the provisions of Chapter 7, Title 46, Code of Laws of South Carolina, 1962, and all amendments thereto relating to the regulation of traffic on the street, or streets, to be constructed, reconstructed, altered or improved as hereinabove identified and further agrees to refrain from placing or maintaining any traffic control devices upon any section of said street, or streets, without having first obtained written approval of the State Highway Department as required in Section 46-302 of the 1962 Code, nor enacting any traffic regulation ordinances inconsistent therewith.

IN WITNESS WHEREOF, This Resolution is hereby adopted and made a part of the Municipal records this 1st day of OCTOBER, 1968 and the original of this Resolution will be filed with the South Carolina State Highway Department at Columbia.
