STATEMENT OF MAYOR E. O. FENDARVIS

This is a personal statement, made as a member of Council, and expresses my views and opinions only and is not intended as an attempt to influence any other person. In this statement I shall attempt to reveal to the citizens of Orangeburg my reasoning and method of making this choice, which is rightfully yours but by circumstance of law, I, as one of your four elected officials, must select for you. As you know, due to the sad and untimely death of our esteemed colleague, Charles B. Goodman, it is required by law that the four remaining members of Council shall appoint a successor for the remaining time in that term, approximately two and one-half years.

It was my wish and hope that an election could be held whereby the citizens of Orangeburg could have selected their representative and especially for a term of that length. Therefore, I sought and received legal advice from Mr. Walker Linschouse, Attorney for the City of Orangeburg. He, in turn, asked the South Carolina Attorney General for a ruling. The legal opinion of these Gentlemen is that an election is not provided for in these circumstances and would be illegal, and that it is mandatory that Council make the appointment.

The Council had requests for consideration or indications of a desire to serve this unexpired term from twelve persons, and I am deeply grateful for this interest. I wish to assure the twelve persons mentioned above and all Orangeburg citizens that I have seriously and sincerely considered each of them and in my opinion each is qualified mentally, morally, and physically to serve on the Orangeburg City Council, and I would be pleased and honored to serve with them. However, since only one can be appointed I shall not cast my vote against any of these persons, but rather I shall cast it for a person for the following reasons which are in addition to ^{his} being qualified, in my judgement. In the most recent City election, September, 1973, this person announced his candidacy, secured the one thousand signatures of qualified electors on a petition, conducted a campaign of several months duration, and he and his supporters spent time and money in the effort and he was rewarded with a majority, fifty-two and one-half (52½) percent plus of the votes of the people who participated in that election.

In conformity with the above statement, I offer the name of Henry Moore for consideration for the balance of the term on Council which we are charged with filling. My vote goes with this recommendation. *Statement*
