GRIEVANCE COMMITTEE RECOMMENDATIONS TO CITY COUNCIL

Grievance Hearing

Appellant's Name: Terry M. Stephens  
Job Classification: Detective Corporal  
Department: Police/Detective Date: June 3, 1987  
Nature of Case: Detective Stephens' 3-day suspension without pay

Findings: (Use additional pages if necessary)

The Grievance Committee supports Chief Brant's and Captain Carter's suspension of Detective Corporal Stephens for three (3) days without pay. Refusing to perform assigned tasks could result in dismissal, but evidently because Corporal Stephens has a clean record, suspension was decided upon.

Corporal Stephens did make a duplicate key to the evidence room, but refused to keep one for himself as Captain Carter instructed.

Recommendation:

- (1) The Police Department should have an established written procedure to be followed by the person or persons in charge of the evidence room. To have a good system of checks and balances, more than one person should have access to the evidence room, which is what they were trying to establish at this point in time. (2) Corporal Stephens should have respectfully asked to be removed from having any responsibility for the evidence room if he felt uncomfortable with the new assignment.

Mr. Frank Dempsey, Fireman; Mrs. Clyde Gardner, Dantzler Avenue; Mr. J. J. Teskey, Middleton Street; Greg Gambrell, Fireman; and Mr. David Jeffcoat, 640 Bennett; voiced their opinions mainly against the establishment of a Public Safety Department. Rev. John Hill, Orangeburg Baptist Tabernacle, wanted to know if this would put more officers out on patrol for events such as recent teenage beer parties.

Mayor said that council had given Public Safety Concept long consideration and thinks that it will enhance and give more use of manpower, be more effective and more economical.

Councilmember Frierson wanted the citizens to understand that all Public Safety Officers would be qualified to do the job needed. If effective this would provide better service and be more economical because personnel would be used to their best advantage. This would provide for more patrolling and more people trained to provide fire and police protection. He also stated that this may take two or three years before the whole concept is implemented. Councilmember Frierson pointed out that this was not a hasty decision and at no time could this be implemented and not affect someone.

Mr. Basil Williams, Cordova, wanted to know how this would affect insurance rates.

After much discussion from citizens and employees, a motion made by Mayor Pendarvis, seconded by Mayor Pro Tem Salley, unanimously approved the implementation of a Public Safety Department.

Councilmember Bradley wanted a detail breakdown of the budget and consideration of a location other than the Department of Public Utilities building. He suggested that maybe we should add office space at the new airport since this is a major investment and it needs to be a good and wise investment. Mayor Pendarvis stated that the new airport was a long way off from being of any use for this purpose and that the present facility is probably not satisfactory. He did not want to hold up the decision and wanted it handled now. Councilmember Bradley wanted to only postpone until the next council meeting. Mayor Pro Tem Salley said that council should not dictate to the commission. DPU, Manager, Ted Johnson, said that this was not the proper time to consider the location because there are more important things to be done now. He suggested to council that they let the commission know how they are to serve.

City Administrator Smith submitted a report to council from the Public Safety Director, Eugene A. Brant, reporting on the condition of the fire equipment. He stated that \$11,350.00 is needed for repairs on eight (8) trucks. This will cause the line item in the budget to be over at the end of the year. Assistant Chief, Ralph LaFrance, reported on the state of the equipment and what was needed to make the repairs. A motion by Councilmember Frierson, seconded by Councilmember Alexander, unanimously approved to authorize City Administrator Smith and Public Safety Director Brant to do whatever is necessary to get the equipment in first class condition.

ABB132

Public Safety Director, Brant, made the following report to council.

FIRE DEPARTMENT

1 -- Undecided  
1 -- On leave (sick)  
1 -- Resigning  
35 -- Total fire employees

POLICE DEPARTMENT

30 out of 33 --committed to cross train  
(in agreement to working 24 hours on--48 hours off)

A motion by Councilmember Frierson, seconded by Mayor Pendarvis, unanimously approved to accept Mr. E. O. Hudson's generous offer to allow the city to place the public safety radio antenna on his property with the city only having to pay the utility bill. The other alternative would have been to re-locate at a cost of approximately \$10,000.00.

City Administrator Smith informed council that we are eligible to apply for rehabilitation funds available from the Governor's office. This money is to be used to upgrade rental units in under privileged areas of the city and up to \$5,000 would be available for each individual property with the land owner matching these funds. A motion by Mayor Pendarvis, seconded by Councilmember Bradley, unanimously approved for City Administrator Smith to apply for the \$50,000.

A motion by Mayor Pendarvis, seconded by Mayor Pro Tem Salley, unanimously approved to give Ted Johnson, DPU Manager, the authority to enter into settlement on the following litigation:

1. \$50,000 to G & P Construction Company of Florence for approximately 91% of the bid bond
2. Not quite half of \$68,000 for roof repairs at DPU

Department of Public Utilities Manager, Ted Johnson, reported on the new Peak Shavings Generator Plant which the city had issued 4.5 million dollars in revenue bonds in 1985. The total cost of this facility was 5.5 million dollars and was completed this year. Mr. Johnson stated that DPU had realized a savings over a period of four (4) months of \$282,000 with anticipation of an annual savings of \$767,000. Because of these savings and pending rate reduction from South Carolina Electric and Gas, Department of Public Utilities customers will probably receive a rate reduction in December, 1987.

An appearance was made by Mr. Blanchard McDaniel of the 300 block of Windsor Street concerning some young people using obscene language and littering the area while playing football in a vacant lot near his home.

An appearance was made by Mr. Macon Sheppard in reference to Mr. Johnson's earlier presentation. He stated that it was good to see profits from the Peak Shavings Generator Plant but these profits would be benefitting mostly people outside of the city. Mr. Sheppard stated that council should represent the citizens of Orangeburg and not the customers of DPU. He was not complaining about a rate reduction but due to the fact that the city recently depleted its reserve funds of approximately 1.5 million dollars to balance the 1987-88 budget, council should be sure that their own house is in order before granting a rate reduction to DPU customers. He said that council's main objective should be to look out for the financial assets of the city. DPU Manager, Ted Johnson, said that the city should remain competitive and should not milk the customers in the outside areas for the benefit of the citizens of Orangeburg.

There being no further business, the meeting was adjourned.

Respectfully submitted,
