This Special meeting was called to order at 3 P. M. by the Mayor in the office of the City Administrator for the purpose of considering changes in the Zoning Districts as outlined by the Zoning Commission in its report to the Council. The changes considered were those presented to the Council at its public hearing on Zoning held April 6, 1954.

The Council unanimously took the following action on requests:

1. Approved a petition by property owners on S. Broughton Street to change to B-1 (Retail Business) District the area adjacent to and 200 feet East and West of Broughton from South Street to the A. C. L. Railroad.
2. Extended the B-1 District on the North side of Orange Court to include the Tom Dibble property making the Eastern boundary of the B-1 District a distance of 337 feet East of Doyle Street.
3. Extended the B-1 District Westward from the Southern Railway on the North side of Whitman Street to include all of the Wm. Bryant property at 581 Whitman S E instead of cutting across this property at an arbitrary distance of 200 feet as formerly shown on the proposed Zoning Map.
4. Denied the request of Wortham Dibble for Zoning B-1 an area North of Adden between Middleton and Broughton. The Council determined that this request had not been published and that no opportunity had been given for possible objections. Therefore this request should be renewed later, if desired. It could then be processed through the regular channels set up by the Zoning Ordinance (now in process of adoption) for making changes in classification.
5. The Council determined that the request of Walter D. Berry to have his property on Lowman Street placed in B-1 District should be denied at this time and that relief, if needed, could be requested through the channels provided after the final passage of the Zoning Ordinance.

ABSENT:

1. Meeting called to order by Acting Chairman at 6 P.M.
2. Minutes of meeting of Sept. 8th as mailed to members approved.
3. Chairman stated purpose of meeting to hear publicly, pursuant to Notice No. 3, the appeal of J.M. Albergotti from a decision of the Building Official denying a building permit for the construction of a retail store building at 239 Court House Square NE; such denial having been based on the failure of the proposed construction to meet with the yard requirements of Sec. 8, Par. C of the Zoning Ordinance of the City of Orangeburg.
4. Mr. J.M. Albergotti presented to the Board his request for variance from the Zoning regulations requiring a 10 foot set-back, giving the following reasons for his request:
  - a. The lot in question is a center lot with adjacent Home Store building already constructed to sidewalk line.
  - b. The present width of Court House Square street in front of No. 239 is approximately 75 feet with open park area opposite, providing logical ground for any future needed street widening.
  - c. Building plans by lessee, J.C. Penny Company now in final stages and any alterations made necessary by Zoning restrictions would likely result in much delay, expense and re-negotiations.
5. The City Engineer was called on to express the City's attitude toward granting the variance. Mr. Brown expressed the City's confidence in the sincerity of purpose and fairness of the Board and stated that the City would be inclined to accept, without appeal, the decision of the Board in this matter.
6. There were no others present, in person or represented, who wished to be heard.
7. All members of the Board present stated that they had viewed and were familiar with the site.
8. All members voted affirmatively to permit the variance requested - i.e. permit the proposed building to be constructed to the property line without the 10 foot set back.
9. No further business - the meeting adjourned.
