

AN ORDINANCE TO AMEND AN ORDINANCE AS ENACTED BY THE CITY COUNCIL OF THE CITY OF ORANGEBURG ON THE 23RD DAY OF FEBRUARY A.D., 1954 FOR THE ADOPTION OF THE NATIONAL PLUMBING CODE.

BE IT ORDAINED by the Mayor and Councilmen of the City of Orangeburg, in Council assembled, and by authority of same:

That Chapter 10, "WATER SUPPLY AND DISTRIBUTION" be amended by adding the following so that the amended section shall read in its entirety as follows:

"All water heaters shall be provided with an approval self-closing (levered) water pressure relief valve and temperature relief valve or combination thereof. Such valves shall be installed in the shell of the water heater tank or may be installed in the hot water outlet, provided the thermobulb extends into the shell of the tank, and in all cases installed at the highest practical point. For installations with separate storage tank, said valves shall all be installed on the tank and there shall not be any type of valve installed between the water heater and the storage tank. Where in the opinion of the Building Official, safety valves are required, they shall be installed in accordance with said decisions.

Temperature and pressure relief valves, or combination thereof, shall bear the label of the AGA, or ASME, with thermo-setting of not more than 210°F. and pressure setting not to exceed the tank manufacturer's rated working pressure. The relieving capacity of these two devices shall equal or exceed the heat in-put to the water heater or storage tank."
