

ORDINANCE NUMBER 1978-1.

AN ORDINANCE TO AMEND CHAPTER 4 SECTION 10 OF THE CODE OF ORDINANCES, CITY OF ORANGEBURG, SOUTH CAROLINA, RELATING TO PIGEONS PROHIBITED AT LARGE; DUTY OF OWNER.

BE IT ORDAINED by the Mayor and Members of Council of the City of Orangeburg, in Council assembled, and by authority of the same:

SECTION 1. Amend Chapter 4 of said Code by striking in its entirety Section 4-10 and inserting in lieu thereof the following:

"It shall be unlawful for any person owning, keeping or controlling any flock of pigeons, to permit the said pigeons to fly at large, however, it shall be lawful to keep and allow to fly racing pigeons upon the issuance of a permit by the Board of Health of the City. It shall be the duty of the said owner, keeper or controller to keep the loft, barn, house or enclosure in which the pigeons may be kept in such a state of repair as to prevent the escape of pigeons therefrom."

AN ORDINANCE TO AMEND CHAPTER 22 OF THE
CODE OF ORDINANCES, CITY OF ORANGEBURG,
SOUTH CAROLINA, RELATING TO RAILROADS

BE IT ORDAINED by the Mayor and Members of Council of the City
of Orangeburg, in Council assembled, and by authority of the same:

SECTION 1. Amend sections of Chapter 22 of said Code to read
as follows:

Section 22-3. Blocking Street Crossings; Time Limit;
Exceptions.

(a) Time limit generally. It shall be unlawful for
any train, engine or railroad cars to block any
street or highway within the limits of the city for
a period longer than five (5) minutes, except that
this provision shall not apply in the event of an
emergency or to trains or cars in motion other
than those engaged in switching.

(b) Delete in its entirety.

Section 22-9. Speed Limitations Within City Limits.

It shall be unlawful for any railroad company, its
agents, servants or employees to run, or cause to
run and operated, any locomotive, train or cars
within the corporate limits of the city at a greater
rate of speed than fifteen (15) miles per hour at
the crossings of Rowe Street, Broughton Streets and
all crossings between and including Sifly and
Whaley Street until such crossings are covered by
engine or railroad cars.

Section 22-10. Climbing, Jumping on Moving Railroad Cars.

It shall be unlawful for any person, other than an
employee of the railroad while on duty, to jump on
or off any railroad train, engine or cars while in
motion within the limits of the city.

ORDINANCE TO AMEND CHAPTER 16, SECTION 16-44 OF THE CODE OF ORDINANCES OF THE CITY OF ORANGEBURG RELATING TO THE DISCHARGE OF FIREARMS WITHIN THE CORPORATE LIMITS

WHEREAS, the City of Orangeburg finds that the present ordinance pertaining to the discharging of firearms in the City of Orangeburg may be too restrictive.

NOW, THEREFORE, BE IT RESOLVED by the Mayor and Council assembled that Section 16-44 of the Code of Ordinances of the City of Orangeburg be amended by deleting said section in its entirety and inserting in lieu thereof the following;

Section 16-44. Same - Discharge of Firearms.

It shall be unlawful for any person within the corporate limits of the City of Orangeburg to discharge or cause to be discharged any gun, pistol, parlor rifle or other firearm of any kind. This section shall not apply to the following:

- (a) Gunsmiths in the usual and normal conduct of such business when duly licensed by the City of Orangeburg, but only upon written permission of the Chief of Police who shall first be satisfied that adequate public safeguards will be maintained and noise levels will be minimal and compatible with the use or uses of property in the same vicinity;
- (b) Theatrical, sporting events, or like performances or military or similar displays where written permission is first obtained from the Chief of Police;
- (c) Any person lawfully exercising the right of defense of person or property;
- (d) Authorized law officials in the official discharge of their duties.

ORDINANCE NUMBER 1978-4

AN ORDINANCE PROVIDING FOR REGULATING THE USE OF THE
SANITARY SEWER SYSTEM OF THE CITY OF ORANGEBURG, SOUTH CAROLINA

WHEREAS, the Water Pollution Control Act Amendments of 1972, Public
Law 92-500, and Federal Regulation 40CFR35.927-4 requires regulations
for the use of the Sanitary Sewer System, and

WHEREAS, in order to qualify for Federal assistance in the construction
of treatment works, it is necessary that the City Council of the City of
Orangeburg, South Carolina adopt an ordinance regulating the use of the
Sanitary Sewer System.

THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF
ORANGEBURG, SOUTH CAROLINA, IN COUNCIL ASSEMBLED:

Section 1.01-Article II Sewers, Sections 27-13, 27-14, 27-15, 27-16,
27-17, 27-18, 27-19 and 27-20 of the Code of Ordinances of the City of
Orangeburg, South Carolina are hereby repealed and in lieu thereof the
following enacted.

ARTICLE II

DEFINITIONS

Unless the context specifically indicates otherwise, the meaning of
the terms used in this ordinance shall be as follows:

Section 2.01 - BOD, denoting biochemical oxygen demand, shall
mean the quantity of oxygen utilized in the biochemical oxidation of
organic matter under standard laboratory procedure, five days at 20
deg. C., expressed in milligrams per liter and as further defined in
Standard Methods.

Section 2.02 - BUILDING DRAIN shall mean that part of lowest
horizontal piping of a drainage system which receives the discharge

from soil, waste and other drainage pipes inside the walls of the building and conveys it to the building sewer, beginning 5 feet outside the inner face of the building wall.

Section 2.03 - BUILDING SEWER shall mean the extension from the building drain to the public sewer or other place of disposal.

Section 2.04 - EPA shall mean the United States Environmental Protection Agency.

Section 2.05 - GARBAGE shall mean solid wastes from the domestic and commercial preparation of cooking and dispensing of food from the handling, storage and sale of produce.

Section 2.06 - GENDER, a word importing masculine gender only, shall extend and be applied to females and firms, partnerships, and corporations as well as to males.

Section 2.07 - INDUSTRIAL WASTES shall mean the liquid waste from industrial manufacturing processes, trade or business, as distinct from sanitary sewage.

Section 2.08 - NATURAL OUTLET shall mean any outlet into watercourse, pond, ditch, lake or other body of surface or groundwater.

Section 2.09 - PERSON shall mean any individual, firm, company, association, society, corporation or group.

Section 2.10 - pH shall mean the logarithm of the reciprocal of weight of hydrogen ions in grams per liter of solution.

Section 2.11 - PROPERLY SHREDDED GARBAGE shall mean the waste from the preparation of cooking and dispensing of food that has been shredded to such a degree that all particles will be carried freely under the flow conditions normally prevailing in public sewers with no particle greater than 3/8 inch in any dimension.

Section 2.12 - PUBLIC SEWER shall mean a sewer in which all owners of abutting properties have equal rights and is controlled by public authority.

Section 2.13 - SANITARY SEWER shall mean a sewer which carries sewage to which storm, surface, and groundwaters are not intentionally admitted.

Section 2.14 - SEWAGE shall mean a combination of water-carried wastes from residences, business buildings, institutions and industrial establishments, together with such ground, surface and stormwaters as may be present.

Section 2.15 - SEWAGE TREATMENT PLANT shall mean any arrangement of the devices and structures used for treating sewage.

Section 2.16 - SEWAGE WORKS shall mean all facilities for collecting, pumping, treating, and disposing of sewage or industrial wastewaters.

Section 2.17 - SEWER shall mean a pipe or conduit for carrying sewage.

Section 2.18 - SEWER SURCHARGE shall mean a charge for sewer service and treatment service for wastes having characteristics different from sanitary wastes and for which additional charges must be assessed in order for the waste to make compensation for additional expenses incurred.

Section 2.19 - SHALL is mandatory, MAY is permissive.

Section 2.20 - SLUG shall mean any discharge of water, sewage or industrial waste which in concentration of any given constituent or in quantity of flow exceeds, for any period of duration longer than 15 minutes, more than 5 times the average 24-hour concentration occurring during normal operation.

Section 2.21 - STANDARD METHODS shall mean the examination and analytical procedures set forth in the most recent edition of Standard

Methods for the Examination of Water and Wastewater, published jointly by the American Public Health Association, the American Water Works Association, and the Water Pollution Control Federation.

Section 2.22 - STORM DRAIN sometimes termed storm sewer shall mean a sewer which carries storm and surface waters and drainage but excludes sewage and industrial wastes.

Section 2.23 - STREET. The word "street" shall be construed to embrace streets, avenues, drives, boulevards, roads, alleys, lanes and viaducts and all other public highways.

Section 2.24 - SUSPENDED SOLIDS shall mean solids that either float on the surface of or are in suspension in water, sewage, or other liquids which are removable by laboratory filtering and is further defined in Standard Methods.

Section 2.25 - TOTAL SOLIDS shall mean the sum of suspended matter, settleable matter and dissolved matter, both volatile and nonvolatile and as further defined in Standard Methods.

Section 2.26 - TREATMENT WORKS shall mean all facilities for collecting, pumping, treating, and disposing of sewage or industrial wastewaters.

Section 2.27 - WATERCOURSE shall mean a channel in which flow of water occurs, either continuously or intermittently.

Section 2.28 - WASTEWATER - Same as sewage, See Section 2.14

Section 2.29 - CITY. The City of Orangeburg, South Carolina

Section 2.30 - DPU. The Department of Public Utilities, City of Orangeburg, South Carolina.

Section 2.31 - All other words shall be construed as having the meaning defined in Glossary Water and Sewage Control Engineering, published

by the Water Pollution Control Federation, Washington, D.C., or by their general usage, if undefined.

ARTICLE III

USE OF PUBLIC SEWERS REQUIRED

Section 3.01 - It shall be unlawful for any person to place, deposit, or permit to be deposited in any unsanitary manner on public or private property within the City or in any area under the jurisdiction of the DPU any human or animal excrement, garbage, or other objectionable waste.

Section 3.02 - It shall be unlawful to discharge to any natural outlet within the City or in any area under the jurisdiction of the DPU any sewage or other polluted waters except where suitable treatment has been provided in accordance with subsequent provisions of this ordinance.

Section 3.03 - It shall be unlawful to construct or maintain any privy, privy vault, septic tank, cesspool, or other facility intended or used for disposal of sewage, where public sewers are available.

Section 3.04 - The owner of a dwelling or structure intended to be used for human occupancy or other purpose, now under construction or hereafter to be constructed shall have such dwelling or structure connected with the sanitary sewer system of the City where such sewer lines are available in a street adjoining the property upon which the dwelling or structure is under construction or hereafter constructed.

Section 3.05 - Persons responsible for an accidental spill or discharge of any substance into the treatment works which may adversely effect operation of the treatment works shall immediately notify the DPU of such a discharge.

Section 3.06 - The discharge of wastewaters to storm sewers is, without exception, prohibited.

ARTICLE IV

PRIVATE SEWAGE DISPOSAL

Section 4.01 - Where a public sanitary sewer is not available under provisions of Section 3.04, the building sewer shall be connected to a private sewage disposal system complying with the provisions of this article.

Section 4.02 - Before commencement of construction of a private sewage disposal system other than a septic tank, privy, privy vault, or cesspool, for a single family dwelling, the owner shall first obtain written approval signed by the DPU; the application for such permit shall be made in writing by the applicant and shall include any plans, specifications, and other information as are deemed necessary by the DPU. A permit and inspection fee as required by the DPU shall be paid to the DPU at the time application for permit is filed.

Section 4.03 - A permit for private sewage system shall not become effective until the installation is completed to the satisfaction of the DPU. The DPU shall be allowed to inspect the work at any stage of construction and in any event, the applicant for the permit shall notify the DPU when the work is ready for final inspection and before any underground portions are covered. The inspection shall be made within a reasonable time after the receipt of notice by the DPU.

Section 4.04 - The type, capacities, location and layout of a private sewage system shall comply with all recommendations of the South Carolina Department of Health and Environmental Control. No septic tank or cesspool shall be permitted to discharge to any natural outlet.

Section 4.05 - The owner shall operate and maintain the private sewage disposal facilities in a sanitary manner at all times at no expense to the DPU.

Section 4.06 - At such time as a public sewer comes available to a property served by a private sewage disposal system, as provided in Section 4.04, a direct connection shall be made to the public sewer in compliance with this ordinance and any septic tanks, cesspools, and similar private sewage disposal facilities shall be abandoned, cleaned of sludge and filled with clean bank-run gravel or dirt within sixty days of notification to do so by the DPU.

Section 4.07 - No statement contained in this article shall be construed, to nullify any additional requirements that may be imposed by the appropriate State or County Health Authorities.

ARTICLE V

BUILDING SEWERS AND CONNECTIONS

Section 5.01 - No person not authorized by the DPU shall uncover, make any connections with or opening into, use, alter or disturb any public sewer or appurtenances thereof without first obtaining written permit from the DPU. A violation of this section shall be a misdemeanor.

Section 5.02 - There shall be two classes of building sewer permits, (a) residential and commercial service and (b) for service to establishments producing industrial wastes; in either case the owner or his agent shall make application in writing to the DPU. The permit application shall be supplemented by any plans, specifications, or other information considered pertinent in the judgement of the DPU. A permit and inspection fee for a residential, commercial building sewer permit or an industrial building sewer permit shall be paid to the DPU at the time the application is filed, as provided in the DPU "Rules and Regulations."

Section 5.03 - All costs and expenses incidental to the installation and connection of the building sewer to the property line shall be borne by the owner. The owner shall indemnify the DPU from any loss or damage that

may directly or indirectly be occasioned by the installation of the building sewer.

Section 5.04 - A separate and independent building sewer shall be provided for every building. Where one building stands to the rear of another on a single lot and no private sewer is available or can be constructed to the rear building through an adjoining alley, courtyard, or driveway, the DPU may grant permission for the building sewer from the front building to be extended to the rear building sewer, upon a showing by the applicant that it is not feasible that the two buildings so connected will ultimately be on separate lots.

Section 5.05 - Old building sewers may be used in connection with new buildings only when they are found, on examination and test by the DPU, to meet all of the requirements of this Ordinance.

Section 5.06 - The size, slope, alignment, materials of construction of a building sewer and the methods to be used in excavation, placing of the pipe, jointing, testing and backfilling and trench shall all conform to the requirements of the DPU, all installation to be subject to the expressed written approval of the DPU and in no case shall the size of pipe installed be less than 4 inches in nominal diameter.

Section 5.07 - Whenever possible, the building sewer shall be brought to the building at an elevation below the basement or first floor. No building sewer shall be made parallel to or within 3 feet of any bearing wall, which might thereby be weakened. The depth shall be sufficient to afford protection from live loads (automobile, etc.) which may be superimposed. The building sewer shall be made at uniform grade and in straight alignment insofar as possible. The building sewer shall be constructed to such point as directed by the DPU.

Section 5.08 - No person shall maintain or make a connection of roof downspouts, exterior foundation drains, areaway drains, or other sources of surface runoff or groundwater to a building sewer or building drain which in turn is connected directly or indirectly to a public sanitary sewer.

Section 5.09 - The installation of the building sewer to the property line should be completely by a person properly licensed by the City to perform such services.

Section 5.10 - Before any underground portions thereof are covered, the applicant for the building sewer permit shall notify the DPU when the building sewer is ready for inspection and connection to the public sewer. The connection thereof shall be made to the public sewer by the DPU and only after inspection. The inspection thereof shall be made within a reasonable time after the receipt of notice by the DPU.

Section 5.11 - All excavations for building sewer installation shall be adequately guarded with barricades and lights so as to protect the public from hazards. Streets, sidewalks, parkways and other public property disturbed in the course of the work shall be restored in a manner satisfactory to the DPU.

Section 5.12 - The DPU shall keep a permanent and accurate record of the location, depth, and direction of all new sewer connections, including such land marks as may be necessary to make an adequate description.

Section 5.13 - All pertinent OSHA requirements must be met during the construction of any portion of the building sewers and connections.

ARTICLE VI

USE OF THE PUBLIC SEWERS

Section 6.01 - No person shall discharge or cause to be discharged any stormwater, surface water, groundwater, roof runoff, or subsurface drainage, to any public sewer.

Section 6.02 - No person shall discharge or cause to be discharged any of the following waters or wastes to any public sewer. (Refer to Sections 6.03 and 6.09.)

- (a) Any gasoline, benzene, naphtha, fuel oil, or other flammable or explosive liquid, solid or gas.
- (b) Any water or wastes containing toxic or poisonous solids, liquids or gases in sufficient quantity, either singly or by interaction with other wastes to injure or interfere with any sewage treatment process to constitute a hazard to humans or animals, to create a public nuisance, or to create any hazard in the receiving waters of the sewage treatment works.
- (c) Any waters or wastes having a pH less than 6.5 or greater than 8.5 or containing heavy concentrations of salts or having any other corrosive property capable of causing damage or hazard to structures, equipment, and personnel of the sewage plant.
- (d) Solids or viscous substances in quantities or of such size capable of causing obstruction in the flow of sewage or other interference to the proper operation of the sewage works such as but not limited to ashes, cinders, sand, mud, straw, shavings, metal, glass, rags, feathers, tar, plastics, wood, hair and fleshing or entrails, either whole or ground by garbage grinders.

Section 6.03 - No person shall discharge or cause to be discharged the substances, materials, waters, or wastes listed below if it appears likely, in the opinion of the DPU that such wastes can harm either the sewers, sewage treatment process, or equipment having adverse effect on the receiving stream or can otherwise endanger life, limb, public property or constitute a nuisance. In forming their opinion as to the acceptability of these wastes, the DPU will give consideration to such factors as the quantities of subject wastes in relation to flows, and velocities in the sewers, materials, of construction of the sewers, nature of the sewage treatment process, capacity of the sewage treatment plant, degree of treatability of wastes in the sewage treatment plant, and other pertinent factors. The substances prohibited are:

- (a) Any liquid or vapor having a temperature higher than 150 degrees F. or 65 degrees C.
- (b) Any water or waste containing fats, wax, grease or oils whether emulsified or not in excess of 100 mg/l or containing substances which may solidify or become viscous at temperatures between 32 or 150 degrees F. or 0 and 65 degrees C.
- (c) Any garbage that has not been properly shredded.
- (d) Any waters or wastes containing strong acid, iron pickling wastes or concentrated plating solution whether neutralized or not.
- (e) Any waters or wastes containing heavy metals in excess of the following:

Chromium	1.0 mg/l (either III or VI or in combination)
Lead	2.0 mg/l
Tin	2.0 mg/l
Zinc	2.0 mg/l
Copper	0.5 mg/l
Nickel	1.0 mg/l
Cyanide	2.0 mg/l

or combination of the above in excess of 9.0 mg/l in the effluent, or which when blended with the waste in the trunk line will have a concentration in excess of 1.0 mg/l when it reaches the treatment plant, Section 6.04 notwithstanding, or wastes exerting an excessive chlorine requirement to such a degree that any such material received in composite sewage at the sewage treatment plant exceeds the limits established by the DPU for such materials.

- (f) Any waters or wastes containing phenols or other taste or odor producing substances in such concentration exceeding limits which may be established by the DPU as necessary after treatment of the composite sewage to meet requirements of the State, Federal, or other public agencies of jurisdiction of such discharge of the receiving waters.
- (g) Any radioactive wastes or isotopes of such half life or concentration as may exceed limits established by the DPU in compliance with applicable State and Federal regulations.
- (h) Any waters or wastes having a pH outside of the range of 6.5 to 8.5.
- (i) Materials which exert or cause:
 - (1) Unusual concentration of inert suspended solids, such as, but not limited to, earth, lime slurries, and lime residues or of dissolved solids, such as, but not limited to, sodium chloride and sodium sulfate.

- (2) Excessive discoloration, such as, but not limited to, dye wastes and vegetable tanning solutions.
 - (3) Unusual BOD, chemical oxygen demand, or chlorine requirements in such quantities as to constitute a significant load on the sewage treatment works.
 - (4) Unusual volume of flow or concentration of wastes constituting slugs as defined herein.
- (j) Waters or wastes containing substances which are not amenable to treatment or reduction by the sewage treatment processes employed or are amenable to treatment only to such degree that the sewage treatment plant cannot meet the requirements of other State or Federal agencies having jurisdiction over discharge to the receiving waters.

Section 6.04 - If any waters or wastes are discharged or are proposed to be discharged to the public sewers which waters contain the substances or possess the characteristics enumerated in Section 6.03, which in the judgement of the DPU may have a deleterious effect upon the sewage works, processes, equipment, or receiving water, or which otherwise create a hazard to life or constitute a public nuisance, the DPU may:

- (a) Reject the wastes.
- (b) Require pretreatment to reduce the waste to an acceptable condition in accordance with Federal Regulation 40 CFR Part 128 prior to discharge to the public sewers.
- (c) Require control over the quantities and rates of discharge and/or
- (d) Require payment to cover the added cost of handling and treating the wastes not covered by existing taxes or sewer charges, under the provisions of Section 6.09.

If the DPU permits the pretreatment or equalization waste flows, the design and installation of the plant and equipment shall be subject to the review and approval of the DPU subject to the requirements of all applicable codes, ordinances and laws.

Section 6.05 - Grease, oil, and sand interceptors shall be provided when, in the opinion of the DPU they are necessary for the proper handling of

liquid wastes containing grease in excessive amounts or any flammable wastes, sand or other harmful ingredients, except that such interceptors shall not be required for private living quarters or dwelling units. All interceptors shall be of a type and capacity approved by the DPU and shall be located as to be readily and easily accessible for cleaning and inspection. All interceptors shall be supplied and properly maintained continuously in satisfactory and effective operation by the owner at his expense.

Section 6.06 - Where preliminary treatment for flow equalizing facilities is provided for any waters, or wastes, they shall be maintained continuously in satisfactory and effective operation by the owner at his expense.

Section 6.07 - It shall be required by the DPU that the owner of any property serviced by a building sewer carrying industrial wastes, install a suitable control manhole. When deemed necessary, the DPU may require additional waste metering devices and other appurtenances in the building sewer to facilitate preservation, sampling and measurement of the waste. Such manhole shall be readily accessible for representatives of the DPU and safely located and shall be constructed in accordance with plans approved by the DPU. The manhole shall be installed by the owner at his expense and shall be maintained by him so as to be safe and accessible at all times.

Section 6.08 - All measurements, tests, and analyses of the characteristics of waters and wastes to which reference is made in this ordinance shall be determined in accordance with the latest edition of Standard Methods for the Examination of Water and Wastewater, published by the American Public Health Association, and shall be determined at the control manhole provided, or upon suitable samples taken at said control

manhole. Sampling shall be carried out by customarily accepted methods so as to reflect the effect of constituents upon the sewage works and to determine the existence of hazard of life, limb and property.

In order for the DPU to properly evaluate the effect of the waste on the system, an industry may submit, along with the plans, etc., required in Section 4.02, an Industrial Waste Questionnaire summary describing maximum, minimum and average wastewater characteristics.

Section 6.09 - No statement contained in this article shall be construed as preventing an agreement or arrangement between the DPU and any industrial concern whereby industrial waste of unusual design, strength of character may be accepted by the DPU for treatment, subject to payment therefore by the industrial concern.

ARTICLE VII

SCAVENGER WASTES

Section 7.01 - The discharge of any scavenger waste into the sanitary sewer system is prohibited.

ARTICLE VIII

POWERS AND AUTHORITY OF INSPECTORS

Section 8.01 - The DPU or duly authorized representatives of the DPU bearing proper credentials and identification shall be permitted to enter all properties for the purpose of inspection, observation, measurement, sampling, and testing in accordance with the provisions of this Ordinance. The DPU or its representatives shall have no authority to inquire into any processes, including metallurgical, chemical, oil refining, ceramic, paper or other industries beyond that point having a direct bearing on the kind and source of discharge to the sewers or waterways or facilities for waste treatment.

Section 8.02 - While performing the necessary work on private

properties referred to in Section 8.01 above, the DPU or duly authorized representatives of the DPU shall observe all safety rules applicable to the premises established by the owner thereof.

Section 8.03 - The DPU or duly authorized representatives of the DPU bearing proper credentials and identification shall be permitted to enter all private properties through which the DPU holds a duly negotiated easement for the purposes of, but not limited to, inspection, observation, measurement, sampling, repair and maintenance of any portion of the treatment works lying within said easement. All entry and subsequent work, of any, on said easement shall be done in full accordance with the terms of the duly negotiated easement pertaining to the private property involved.

ARTICLE IX

PENALTIES

Section 9.01 - Any person found to be violating any provision of this Ordinance shall be served by the DPU with a written notice stating the nature of the violation and if the violation continues for more than twenty (20) days following such written notice, the DPU shall discontinue said sewer service.

ARTICLE X

VALIDITY

Section 10-01 - All ordinances or parts of ordinances in conflict herewith are hereby repealed.

Section 10.02 - The invalidity of any section, clause, sentence, or provisions of this Ordinance shall not effect the validity of any other part of this Ordinance which can be given effect without such invalid part or parts.

ARTICLE XI

ORDINANCE IN FORCE

Section 11.01 - This Ordinance shall be in full force and effect from and after its passage, approval, recording, and publication as provided by law.

ORDINANCE NUMBER 1978-8.

AN ORDINANCE TO AMEND THE CODE OF ORDINANCES
OF THE CITY OF ORANGEBURG BY INSERTING CHAPTER
30 RELATING TO SOLID WASTE MANAGEMENT

WHEREAS, The City of Orangeburg deems desirable the updating of the Code of Ordinances, City of Orangeburg, South Carolina, relating to solid waste management.

NOW, THEREFORE, BE IT RESOLVED by the Mayor and Members of Council of the City of Orangeburg, in Council assembled, that Chapter 30 be inserted to the Code of Ordinances to read as follows:

ARTICLE I. IN GENERAL

Section 30-1. Definitions.

For the purpose of this chapter, the words and phrases set forth in this section shall have the meanings respectively ascribed to them:

Ashes. Wastes resulting from the burning of wood, coal, coke or other combustible material which have no live embers.

Building Materials. Materials such as lumber, bricks, plaster, and other substances accumulated as a result of repairs or demolition to existing buildings or construction of new buildings.

Bulky Wastes. Items whose large size precludes or complicates their handling by normal collection, processing, or disposal methods.

Collection. The act of removing solid waste from the central storage point at the source of generation.

Commercial Receptacles. A painted heavy gauge metal receptacle with a capacity of not more than eight (8) cubic yards and constructed so that it can be emptied by city trucks.

Garbage. Putrescible animal or vegetable wastes resulting from the handling, preparation, cooking, serving, or consumption of food.

Group Housing. A building or buildings consisting of eleven (11) or more dwelling units on one (1) lot; in general, grouped or constructed about or center mall or court.

Hotel. A building containing six (6) or more rooms to be used, as the more or less temporary abiding place of guests who are lodged with or without meals and in which no provision is made for cooking in an individual room or suite.

Industrial Solid Waste. Solid waste that results from industrial processes and manufacturing.

Person. Any individual, partnership, co-partnership, firm, company, public or private corporation, association, joint stock company, trust, estate or any other legal representative, agent or assigns.

Plastic Bags. Bags of extra strength plastic with minimum thickness of two mills.

Public Works Department. The Department of this municipality charged with the administrative management and enforcement of this chapter.

Retail, Wholesale and Commercial. Retail, wholesale, and commercial establishments shall be held to mean any office, retail store, wholesale store, bottling plants, printing establishments, religious, charitable or government offices, private clubs and hospitals.

Residential Receptacles. Residential receptacles for solid wastes shall be of metal or plastic, or substantial construction, watertight, with tight-fitting lids, provided with handles sufficient for safe and convenient handling and shall be kept in serviceable condition and covered at all times. Such receptacles shall have a capacity of not less than ten (10) gallons nor more than thirty-two (32) gallons.

Rubbish. Rubbish shall mean combustible and noncombustible wastes except garbage; and the term shall include but not limited to paper, rags, cartons, boxes, rubber, tin, metal and glass.

Scavenging. The uncontrolled removal of materials at any point in solid waste management.

Single Family Residence. Any dwelling place occupied by one family.

Solid Wastes. Unwanted, useless or discarded waste materials in a solid or semi-solid state.

Solid Wastes Management. The purposeful, systematic control of the generation, storage, collection, transport, separation, processing, recovery and disposal of solid waste.

Storage. Keeping, maintaining or storing solid wastes from the time of its production until the time of its collection.

Yard Rubbish. Certain combustible wastes as follows: prunnings, grass clippings, weeds, leaves, pine straw, and trimmings. Yard rubbish shall not mean combustible waste as follows: paper, rags, cloth, bedding, plastic or leather, bulky wastes, building materials, or materials resulting from land being cleared.

Section 30-2. Ownership of Solid Waste.

All solid waste collected by the Public Works Department shall become the property of the city upon collection.

Section 30-3. Responsibility for the Administration and Enforcement of Solid Waste Collection.

The administration and enforcement of the provisions of this chapter shall be the duty of the Public Works Department. The Public Works Department with approval of the City Administrator shall have the authority to make regulations concerning the days of collection, location of residential or

commercial solid waste receptacles, and such other matters pertaining to the collection, conveyance, and disposal as shall find necessary, and to change and modify the same; provided, that such regulations shall not be contrary to the provisions of this chapter.

Section 30-4. Littering Prohibited-Generally.

It shall be unlawful for any person to throw, drop, cast or deposit upon any street, alley, sidewalk, canal, ditch or any yard or premises, public or private, any garbage, or filth of any kind, or cans, paper, trash, paper containers, bottles or any other form of litter or waste matter.

Section 30-5. Same-Duty of Business Owners or Occupants.

(a) Generally: The owner or occupant of any store or other place of business situated within the city shall exercise reasonable diligence at all times to keep his premises clean of wastepaper, wrapping paper, paper napkins, cartons, package containers, and other used or waste materials thrown or left on said premises by its customers, and to take reasonable measures to prevent same drifting or blowing to adjoining premises.

(b) Litter Receptacles: Litter receptacles of sufficient size and number shall be placed on the premises accessible to the customer of such business where the above referred to articles of waste may be disposed of.

(c) Signs: Each and every business establishment shall place upon its premises in a conspicuous place or places in close proximity to the litter receptacle or receptacles above referred to, a sign or signs which shall, in essence, convey to its customer a request that they use such litter receptacles for the disposal of waste articles.

Section 30-6. Same-Duty of Customer.

It shall be unlawful for any customer going upon the premises of another to in any manner dispose of wastepaper, wrapping paper, paper napkins, cartons, package containers, and other used or waste articles except in litter receptacles as required in Section 30-5.

Section 30-7. Placement in Gutter Prohibited.

It shall be unlawful for any person to place any kind of wastes in the gutter on any street.

Section 30-8. Garbage Not to Be Used to Fill Lots.

No garbage or any offensive or disease-producing materials shall be dumped on any lot or space within the city for the purpose of filling or for any other purpose.

Section 30-9. Sweeping Trash, Litter, Etc., From Storerooms or Other Buildings.

It shall be unlawful for any person to sweep or cause to be swept any litter, trash, paper or any other sweepings from any storeroom or other building out of the front door of such building. Such trash, litter, paper or other sweepings shall be swept to the rear of such building and deposited in the receptacle required by this chapter.

Section 30-10. City Inert Disposal Site.

The city inert disposal site shall be under the direction of the Public Works Department which shall make necessary rules and regulations for the operation of the same. No person shall violate the rules and regulations so posted at the disposal site.

Section 30-11. 30-20. Reserved.

ARTICLE II. PRE-COLLECTIONS REGULATIONS

Section 30-21. Separation and Preparation of Solid Wastes.

Before being placed for collection, the following shall apply:

Explosives and Inflammable Material:

Explosives such as small arms ammunition, explosive black powder or any kind of highly inflammable materials shall not be placed in any receptacle. Residents shall dispose of these items by calling the Police or Fire Department, who will make special pickups on request.

Acids:

Acids shall not be disposed of in any solid wastes receptacle. Residents shall dispose of such acids by calling the Fire Department for containment instruction and special pickup.

Caustics and Rapid Oxidizers:

Caustics and rapid oxidizers, including chemicals used in swimming pools, shall not be disposed of in solid wastes receptacles. Residents shall dispose of such chemicals by placing them in a separate receptacle and calling the Public Works Department for a special pickup.

Medical Wastes:

Wastes from residential sickrooms, hospitals, doctors' offices and clinics shall not be placed loosely in the waste receptacle, but shall be prepared for disposal in the following manner:

(a) Medical Wastes: Medical wastes shall include any containable wastes such as facial tissue, bandages and other containable material, except hypodermic needles and other sharp objects. Medical wastes shall be placed in plastic bags, tied securely, and disposed of in the same manner as other wastes.

(b) Hypodermic Needles: Hypodermic needles shall not be disposed of by placing loosely in a wastes receptacle. Hypodermic needles shall be broken, or otherwise rendered useless before being discarded. All needles or sharp objects from sickrooms, hospitals, doctors' offices or clinics shall be contained in the original or similar receptacle, placed in a plastic bag, tied securely, and disposed of in the same manner as regular wastes.

Animal Waste:

Waste from animals or other pets shall be disposed of in the following manner:

(a) Waste from small animals or pets shall be placed in a plastic bag, securely tied and then placed in the regular receptacle used for garbage.

(b) Waste from larger animals, such as horses and other livestock kept as pets or for personal pleasure may be placed out for collection provided the waste is dry and is placed in an approved plastic bag. The bag shall be securely tied and contents shall not exceed thirty (30) pounds.

Ashes:

Ashes shall not be placed in the same receptacle with any inflammable substances, but shall be soaked with water to extinguish any live embers, securely tied in a plastic bag and placed in a separate metal receptacle.

Garbage:

All garbage before being placed in an approved receptacle for collection shall have drained from it all free liquids and shall be wrapped in cellophane, plastic or similar material.

Yard Rubbish:

Yard rubbish before being placed for curbside collection only shall be prepared accordingly: Shrubbery trimmings and tree trimmings of less than four (4) feet lengths shall be bundled or stacked or shall be placed in a receptacle, other than a receptacle used for garbage and other similar materials for collection shall be cut in four (4) foot lengths, with protruding branches trimmed. No limb shall be in excess of five (5) inches in diameter nor heavier than seventy-five (75) pounds. Grass clippings, weeds, pine straw, and leaves shall be placed in an orderly, neat pile.

Cardboard, Corrugated Board, Pasteboard Boxes and Similar Crating and Shipping Containers:

(a) Residential receptacle - preparation for: Cardboard, corrugated board, pasteboard, wooden crates, newspaper, magazines, or any similar crating or shipping container or wrappings before being placed in any residential receptacle or along side any residential receptacle for collection first shall be flattened and securely tied into compact bundles of such size that can be handled by one man.

(b) Commercial receptacles - preparation for: Cardboard, corrugated board, pasteboard, wooden crates or any similar crating or shipping containers before being placed in any commercial receptacle for collection first shall be flattened.

Section 30-23. Residential and Commercial Receptacle - Required.

It shall be the duty of every person owning, managing, leasing, occupying, or operating any premises in the city to provide approved residential or commercial receptacles for the deposit therein of all garbage and other approved solid wastes as specified herein.

No more than four (4) residential receptacles will be collected from any of the following locations: Single family residences, churches, libraries, schools, municipal or county buildings, medical facilities or convalescent homes, any type of professional office of (but not limited to) physician, surgeon, dentist, chiropractor, insurance, or lawyer, retail or wholesale businesses. Two (2), three (3) or four (4) family residences shall have no more than two (2) residential receptacles per family.

Any location with storage needs in excess of four (4) residential receptacles shall be required to use commercial receptacle or receptacles.

Group housing, hotels, motels, and trailer courts, the building permit for which was issued subsequent to May 16, 1978 are required to use commercial receptacles.

(a) Location: All residential or commercial receptacles shall be kept on the private or public premises of the owner, lessee, tenant, or occupant, and may be kept in some place in the rear, side or front yard or in a suitable location easily accessible to the garbage collector or collection vehicle.

(b) Service: No service shall be given those locations where residential or commercial receptacles are stored, permitting objects or vehicles to obstruct or hinder in any way whatsoever the service of said receptacles.

(c) Maintenance: Every receptacle required by this chapter shall be maintained in a sanitary condition and shall be thoroughly cleaned as needed by washing, sterilizing or otherwise by the owner or renter thereof.

(d) Sufficient storage capacity-preventing site littering: All residential or commercial receptacles shall be of a sufficient number and storage capacity to adequately store any and all approved solid waste between times of service by the city.

(e) Replacement upon notice: It shall be the duty of every person owning, managing, leasing, occupying, or operating any premises where solid wastes accumulates and where residential or commercial receptacles are specified to replace within five (5) days after receipt of condemnation notice issued by the city, acting through its duly designated officials, any such receptacle that has deteriorated or that have jagged edges capable of causing injuries to those whose duty it is to handle the receptacles or that have been damaged to such an extent.

(f) Prohibited: Prohibited residential or commercial receptacles shall include (but not be limited to) fifty-five (55) gallon drum, constructed of metal or any other material, any size fiber or paperboard drums or barrels, wire or concrete block bins, paper shopping bags, cardboard boxes, any type of underground receptacles, or any receptacle having sharp or jagged exposures.

(g) Exceptions to this section may be made by the Public Works Director provided such exception shall be contrary to the spirit of this section.

Section 30-24. Same - Scavenging Prohibited.

It shall be unlawful to molest, remove, handle or otherwise disturb the receptacle or other material which have been placed or stored for servicing by the city collectors; provided that this paragraph does not apply to the owner, occupant, lessee or tenant of the residence, dwelling or business establishment from which the receptacle and contents or materials are removed.

Section 30-25. - 30-35. Reserved.

ARTICLE III. COLLECTION REGULATIONS

Section 30-36. Availability and Extent of Service

Except in cases of emergencies or circumstances over which the Department of Public Works has control, the Department of Public Works shall collect, remove and dispose of solid wastes in the city as follows:

(a) Garbage, rubbish, and ashes shall be collected two (2) times per week from locations using residential receptacles for storage upon routes and schedules as designated by the Public Works Department.

(b) Garbages, rubbish, and ashes shall be collected from locations which have accumulations sufficiently heavy to require commercial receptacles, as specified by this chapter, two (2) times per week upon routes and schedules as designated by Public Works Department with a maximum of two (2) eight yard commercial receptacles on each of the two (2) collections. Additional collections from any commercial receptacle will be provided by the city on a charge basis. Such charge shall be five dollars (\$5.00) per commercial receptacle collected. The collection charge shall be reviewed annually during regular budget sessions and charges adopted based on labor and equipment costs. In instances where additional charge collections and charge therefore accordingly.

(c) Yard rubbish shall only be collected one (1) time per week upon routes and schedules as designated by the Public Works Department when placed only at the curbside. Such yard rubbish shall be placed by the occupant at the front of the premises in the grass strip between the street and the sidewalk or in yard adjacent to that portion of the street right-of-way normally used by vehicles. The placement of any yard rubbish shall not block or hinder walking or vehicle traffic.

Section 30-37. Special Collection of Household Furniture and Appliances.

Upon request to City Hall, the Public Works Department shall collect normal household discarded furniture and appliances which cannot be otherwise prepared for collection pursuant to the other sections of this chapter. Furniture shall include couches, chairs, tables, beds, springs, mattresses, chests, and similar items. Appliance shall include refrigerators, stoves, washers, dryers, dishwashers, and similar items. Upon calling City Hall, persons requesting this service shall be notified as to the date collection will occur. Items for collection, pursuant to this section, shall be placed at the curbside or backyard completely separated from yard rubbish or garbage, no earlier than the day preceding the specified collection time. This special collection service shall be available to residential area only, and nothing in this section shall be construed to authorize collection which is prohibited.

Section 30-38. Waste not Collected by The City.

The city will not be responsible for collection of the following solid waste:

- (a) Bulky wastes such as logs, stumps, trees (except Christmas trees) concrete, rocks, and car parts.
- (b) Any material cut by landscape or tree service contractor or other commercial workman or contractor.
- (c) Building materials.
- (d) Industrial waste: Industrial wastes shall be collected, removed and disposed of by the operator of the factory, plant or enterprise creating or causing the same.
- (e) Waste from a general lot clearance.
- (f) Exception to this section may be approved by the Public Works Director provided such exception shall be contrary to the spirit of this section.

All non-collected solid waste shall be removed promptly and shall not be stored in any location where waste may be blown or otherwise dispersed beyond the storage site.

Section 30-39. The constitutionality of this chapter is not affected if a specific section or paragraph is found unconstitutional.

Section 30-40. Penalties.

AN ORDINANCE TO AMEND THE CODE OF ORDINANCES,
CITY OF ORANGEBURG, SOUTH CAROLINA, RELATING
TO BUILDINGS

WHEREAS, the City of Orangeburg deems desirable the updating of the Code of Ordinances, City of Orangeburg, South Carolina, relating to buildings.

NOW, THEREFORE, BE IT RESOLVED by the Mayor and Members of Council of the City of Orangeburg, in Council assembled, that Article I, Sections 5-1, 5-2, 5-4(b), 5-6(a), 5-6(c), 5-19, 5-23; Article II, Sections 5-34, 5-45, 5-46, and 5-47 of Chapter 5 of the Code of Ordinances be amended to read as follows:

ARTICLE I: IN GENERAL

SECTION 5-1. "Building Code Adopted."

For the purpose of regulating the construction, alteration, repair, use and occupancy, location, maintenance, removal and demolition, of every building or structure or any appurtenance connected or attached to any building or structure, the 1976 Edition and 1977 Amendments of the Standard Building Code, as prepared and adopted by the Southern Building Code Congress, is hereby adopted and incorporated by reference as a part of this Code. (Code 1960 113-4; Ordinance No. 1973-10, 5-1-73)

SECTION 5-2. Amend Chapter 5 of said Code by striking said section in its entirety.

SECTION 5-4. "Same - Defined."

Subparagraph (b) is amended by deleting all language after the word street on Line 21, the new subparagraph to read as follows:

- (b) Fire District No. 2. Fire District No. 2 shall embrace all territory within the following limits: Beginning at a point at the Edisto River, two hundred (200) feet South of the southern right-of-way of John C. Calhoun Drive and running easterly on a line parallel to and two hundred (200) feet south of the southern right-of-way line of John C. Calhoun Drive to the city limits; thence running northerly along the city limits line to the center of Whitman Street; thence running westerly on the center line of Whitman Street to a point one hundred and seventy-two (172) feet east of the center of Watson Street; thence running westerly along the southern boundary of Fire District No. 1 to the Edisto River. northern boundary of Fire District No. 1 to the center of Windsor Street; thence running northerly on the center line of Windsor Street to the center of Amelia Street. (Code 1960, 82-1, 81-3)

SECTION 5-6. "General Duties of Building Inspector."

The title of Section 5-6 is amended by deleting the word inspector and inserting in lieu thereof the word official, the new title to read as follows:

SECTION 5-6. "General Duties of Building Official."

- (a) Delete the word inspector from line one and insert in lieu thereof the word official.
- (c) Delete the entire subparagraph and insert in lieu thereof the following:

He shall also keep a record of, and report to the City Council at the first regular meeting in each month, a full and complete register of the number, description and size of every building erected in the City during the previous month of what constructed, with the aggregate of the number, kind and cost of all buildings.

SECTION 5-19. "Numbering of Houses, Business Establishment."

Delete the entire paragraph and insert in lieu thereof the following:

All dwelling houses, stores and other business houses and structures within the City shall be numbered, under the direction of the Inspection Department, with metal or other numbers of uniform size and make as shall be determined upon and provided by the Building Inspection Department, all owners, tenants and occupants of such dwelling houses and stores and other business houses and structures are hereby required to permit such numbers to be placed upon or attached to all such dwelling houses, stores and other business houses and structures within the City, in such manner as shall be determined by the Building Inspection Department; provided, that in case the owner of any such dwelling house, store or other business house or structure shall desire to place upon the same, numbers of different material, design or price than that furnished and provided by the City, such owner may be permitted to do so at his or her own costs and expenses, provided that the proposed number to be used shall first be approved by the Building Inspection Department; but no number of any kind shall be placed on any dwelling house, store or other business structure or house, within the City, unless such number shall be first approved and permitted by the Building Inspection Department. (Code 1960, 113-3)

ARTICLE II: DAMAGED AND DANGEROUS BUILDINGS

DIVISION 1. GENERALLY

SECTION 5-34. "Removal of Damaged Buildings."

Delete in its entirety.

EHC866

DIVISION 2. DANGEROUS BUILDINGS

SECTION 5-43. "Inspection of Buildings by Certain Officers."

Delete the word inspector throughout the paragraph and insert in lieu thereof the word official so that the paragraph as so amended shall read:

It shall be the duty of the Building Official, the Fire Chief, and the Health Officer to inspect the buildings within the City to determine which buildings are dangerous under the terms of this chapter. The Fire Chief will check for fire hazards; the Health Officer will check as to health and sanitation; the Building Official will check as to all other defects. The Fire Chief and Health Officer will report all defects discovered by their respective inspections to the Building Official, together with their recommendations as to the proper course of action to be followed. (Code 1960, 112-9)

SECTION 5-45. "Notice of Owner to Repair, Vacate, or Demolish; Time Limitation."

Delete the word inspector throughout the paragraph and insert in lieu thereof the word official so that the paragraph as so amended shall read:

Whenever the inspection of the Fire Chief, Health Officer or Building Official reveals that a dangerous building exists within the City, the Building Official shall notify the owner of the building that his building has been declared to be a public nuisance; he will order the property owner to repair, vacate or demolish said building; he will set a date by which time said orders to repair, vacate or demolish must be complied with. (Code 1960, 112-11)

SECTION 5-46. "Appeal from Order of Inspector."

Delete in its entirety and reserve the section number for future use.

SECTION 5-47. "Failure to Comply with Order."

Delete in its entirety and reserve section number for future use.

BE IT FURTHER RESOLVED that Chapter 5 of said ordinances be further amended by adding two sections to be numbered and read as follows:

ARTICLE III: NOTICE TO OWNER-PENALTIES

SECTION 5-48. "Notice to Owner."

Whenever notice is required to be given under the provisions of this Chapter, the same shall be by written notice by certified mail addressed to the address of the recorded owner of the affected property as shown by property tax records of the County of Orangeburg, South Carolina.

SECTION 5-49. "Failure to Comply with Order."

In the event that the property owner fails to comply with the order of the Building Official, he shall be deemed guilty of a misdemeanor.

BEC866

ORDINANCE NUMBER 1978-10. (continued)

BE IT FURTHER RESOLVED, that it is the intentions of the governing body, and it is hereby ordained, that the provisions of this ordinance shall become and be made a part of the Code of Ordinances of the City of Orangeburg, South Carolina and the sections of this ordinance may be renumbered to accomplish such intention.
